The Loan

A Chinese man walks into a bank in New York City and asks for the loan officer.

He tells the loan officer that he is going to Taiwan on business for two weeks and needs to borrow $5,000.

The bank officer tells him that the bank will need some form of security for the loan, so the Chinese hands over the keys to a new Ferrari parked on the street in front of the bank.

He produces the title and everything checks out. The loan officer agrees to accept the car as collateral for the loan.

The banks president and its officers all enjoy a good laugh at the Chinese for using a $250,000 Ferrari as collateral against a $5,000 loan. An employee of the bank then drives the Ferrari into the banks underground garage and parks it there.

Two weeks later, the Chinese man returns, repays the $5,000 and the interest, which comes to $15.41.

The loan officer says, "Sir, we are very happy to have had your business, and this transaction has worked out very nicely, but we are a little puzzled. While you were away, we checked you out and found that you are a multi-millionaire. What puzzles us is, why would you bother to borrow $5,000?"

The Chinese man replies: "Where else in New York City can I park my car for 2 weeks, for only $15.41, and expect it to be there when I return?

SBLI THE NO NONSENSE LIFE INSURANCE COMPANY®

Woburn MA 01801 5106

$300,000 OF TERM LIFE INSURANCE

April 2013

Dear Katerina:

One of the biggest myths regarding life insurance is that group coverage offered at work is enough to protect your family's future. If something happened to you or your spouse, could that policy—typically worth no more than two times your annual salary—pay your mortgage, monthly bills, loans, and your children's everyday living costs? Could it sustain your small business, cover your spouse's retirement, or support your parents' long-term care as they age?

The truth is, group term life insurance addresses only a small part of your financial obligation to your loved ones. That's why getting a policy that meets all of your family's needs is so important.

Since 1907, SBLI has protected hundreds of thousands of families like yours with affordable, dependable life insurance. In fact, we have consistently earned an A+ (Superior)[1] from A.M. Best for financial strength, and our rates are among the lowest in the country for both men and women.

Sample monthly premiums for $300,000 20-year Fully-Guaranteed Level Premium Term Life Insurance, Preferred Plus Non-Nicotine:

	SBLI[2]		MetLife[3]		Prudential[4]	
AGE	Male	Female	Male	Female	Male	Female
30	$14.62	$ 12.31	$ 20.00	$ 23.99	$ 23.58	$ 19.50
35	$18.40	$ 14.00	$ 20.99	$ 23.99	$ 34.12	$ 26.34
40	$26.36	$ 18.01	$ 35.99	$ 32.99	$ 50.67	$ 36.42
45	$33.07	$ 27.4	$ 44.99	$ 35.99	$ 49.85	$ 35.73
50	$56.66	$ 37.86	$ 65.99	$ 51.99	$ 58.41	$ 50.31

Comparison of competitive rates from sblicom, metlife.com and prudential.com (Term Essential) as of April 5, 2013

Don't rely on your group policy to protect the lifestyle you've worked so hard to provide. Find out how much life insurance your family really needs by using our free Coverage Estimator on SBLI.com. Then call 1.888.GET.SBLI, ext. 4872 or visit SBLI.com/financially-stronger or return the form below to reach one of our experienced life insurance professionals today.

Sincerely,

Ernest E. Vellere
Vice President

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Properties of Common Minerals

LUSTER	HARDNESS	CLEAVAGE/FRACTURE	COMMON COLORS	DISTINGUISHING CHARACTERISTICS	USE(S)	COMPOSITION	MINERAL NAME
Nonmetallic Luster	1–2	✔	shades of gray	black streak, greasy feel	pencil lead, lubricants	C	Graphite
	1	✔	pearly white	pearly luster, cleavage, specific gravity = 2.8 g/cm³	talcum powder, ceramics	$H_2Mg_3(SiO_3)_4$	Talc
	5.5–6.5	✔	reddish-brown	streak, magnetism	source of iron ore	Fe_3O_4	Magnetite
	6.5	✔	brassy yellow	pyrite streak (fool's gold)	source of sulfur	FeS_2	Pyrite
Earthy	5.5–6.5 or 7	✔	red, brown, or earthy red	reddish-brown streak	source of iron	Fe_2O_3	Hematite
	1	✔	white to green	waxy feel	chemical paper	$Mg_3Si_4O_{10}(OH)_2$	Talc
	2	✔	various colors	white-yellow streak	gypsum wallboard	$CaSO_4 \cdot 2H_2O$	Gypsum
	2	✔	white to pink or gray	cleavage, transparent to translucent	glass, fiberglass, cement	$CaSiO_3$ or $CaAl_2Si_2O_8$	Calcium silicate or feldspar
	2–2.5	✔	colorless to white	fracture, cubic cleavage	table salt, cooking	$KAlSi_3O_8$ or $NaAlSi_3O_8$	Potassium feldspar or plagioclase feldspar
	2.5	✔	white or light colors	cubic crystals, salty taste	table salt, preservative	NaCl	Halite
	2.5–3	✔	black; dark brown	dull streak	manufacturing, fuel	$KMg_3AlSi_3O_{10}(OH)_2$ or $Al(OH)_3$	Biotite mica or gibbsite
	3	✔	white, gray, or colorless	cleavage, specific gravity = 2.7 g/cm³	cement, lime	$CaCO_3$	Calcite
	3.5	✔	colorless to white	cleavage, specific gravity = 2.9 g/cm³	boiling point = 1,428°C	$CaMg(CO_3)_2$	Dolomite
	4	✔	violet, green, or colorless	octahedral cleavage	hydrofluoric acid	CaF_2	Fluorite
	5–6	✔	black to reddish-brown	cleavage at 87° and 93°	chemical industry, ceramics	$(Ca,Na)(Mg,Fe,Al)(Si,Al)_2O_6$	Pyroxene (commonly augite)
	5.5	✔	black to dark green	cleavage at 56° and 124°	metal industries, glass, ceramics	$Ca_2Mg_5Si_8O_{22}(OH)_2$ or $Na_2Fe_3Fe_2Si_8O_{22}(OH)_2$	Amphibole (asbestos is a fibrous mineral)
	6	✔	white to pink	striations, specific gravity = 2.6 g/cm³, 6°	ceramics, glass	$KAlSi_3O_8$	Potassium feldspar (also called orthoclase)
	6	✔	white to gray	cleavage, 2 directions, specific gravity = 2.6 g/cm³, 6°	ceramics, glass	$(Na,Ca)AlSi_3O_8$	Plagioclase feldspar
	6.5	✔	green, black, gray, or brown	cleavage, 2 directions, specific gravity = 3.3 g/cm³	ceramics, glass, fertilizer	Fe_2SiO_4 or $(Mg,Fe)_2SiO_4$	Olivine
	7	✔	colorless, purple, or various colors	glassy luster, conchoidal fracture	glass, jewelry, electronics	SiO_2	Quartz
	6–6.5	✔	brass-yellow	silver-gray to dark-gray streak, cubic crystals	source of iron, sulfur, sulfuric acid	Fe_3S_4 or Fe_9S_{10}	Cornerstone

Chemical symbols: Al = aluminum, C = carbon, Ca = calcium, Cl = chlorine, F = fluorine, Fe = iron, H = hydrogen, K = potassium, Mg = magnesium, Na = sodium, O = oxygen, Si = silicon, S = sulfur, Ti = titanium

War saying

War is an ugly thing, but not the ugliest of things. The decayed and degraded state of moral and patriotic feeling which thinks that nothing is worth war is much worse. A man who has nothing for which he is willing to fight, nothing which is more important than his own personal safety, is a miserable creature and has no chance of being free unless made and kept so by the exertions of better men than himself.

John Stuart Mill

HERE'S ALL YOU HAVE TO DO:

1 Visit any participating Kia dealer between February 8, 2010 and March 15, 2010

2 Present this printed e-certificate and personal identification.

3 Test-drive the 2011 Kia Sorento

4 After you take your test-drive, have the sales representative complete the required dealer information

5 Place the completed e-certificate in an envelope and mail it to the address:

Kia Sorento Test-Drive Offer
Dept 10-18825
PO Box 540038
El Paso, TX 88554-0038

Your envelope must be postmarked by April 15, 2010 to receive your $25 prepaid card

6 Approximately 6 to 8 weeks after mailing your completed e-certificate, you'll receive a $25 prepaid card by return mail

Please fill out this e-certificate completely. Any missing information will cause a delay in processing.

Prayer to St Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord: so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

CHESAPEAKE BAY FOUNDATION
Saving a National Treasure

Right now, YOU CAN MAKE THE DIFFERENCE in helping to save the Bay!

Dear friend,

It's been called a national treasure. The greatest estuary in the world. A network of rivers, creeks, and streams that feed into a Bay of legendary beauty and abundance.

It's the Chesapeake Bay. And for those of us who live, work and vacation here, it's more than a body of water. It's a state of mind. A way of life.

But this beloved resource is now at a tipping point and, unless we take action, we will lose one irreplaceable natural values that have graced this region for hundreds of years.

That's why I'm writing with this special invitation to become a member of the Chesapeake Bay Foundation.

CBF is the Bay's only advocate dedicated to rescuing not only the Bay but the rivers and streams that feed it. We use research, legal action and education to spotlight the problems confronting the Bay and to hammer out sound solutions.

We bring a proven track record to the task of restoring and revitalizing the Bay's natural systems, a job that has never been more critical than it is today.

To put it bluntly, the Bay is in trouble. Entire species of fish are no longer commercially or recreationally viable. And oysters are just hanging on.

The Bay's waters are choking on the continued assaults of toxic chemicals, sediment and nitrogen and phosphorus pollution – by-products of human and animal waste, fertilizers, auto emissions, and more. We are paying the price.

None of these alarming trends is happening in isolation. When underwater grasses vanish, juvenile crabs lose a prime place for hiding from predators. When pollution triggers the growth of unnatural algae blooms, these blooms block sunlight for underwater vegetation. When bacteria consume the algae, they suck oxygen from the water, killing oysters.

(over please)

Our Father, which art in heaven,
hallowed be thy name;
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

HP OfficeJet Pro 6960 All-in-One series

1. **Prepare:** Follow the instructions in the setup flyer to begin printer setup.
2. **Connect:** Visit **123.hp.com/setup** to download and start the HP setup software or mobile app, and connect the printer to your network.
   Note for Windows® users: You can also use the HP printer software CD. If the installation program does not start, browse to **Computer** (double-click the CD/DVD drive icon with the HP logo, and then double-click **SETUP.exe**.
   Note: If you are unable to connect the printer using the HP setup software or app, you can connect the printer manually. On the printer control panel display, on the **Finish Setup Online** screen, touch **More Info**, touch **Manual Setup**, and then follow the onscreen instructions.
3. **Activate:** Create an account and register your printer and finish installing the HP printer software or the HP All-in-One Remote app.

You can use your printer to print documents and photos directly from your mobile devices.

- **iOS:** Use the Print option from the Share menu. No setup required—iOS AirPrint is pre-installed.
- **Android:** Download and enable the HP Print Service Plugin (supported by most Android devices) from the Google Play Store

You can also use the HP All-in-One Printer Remote app to set up and use your HP printer for scanning, printing, and sharing documents. Install it from the app store for your mobile device. For help on enabling mobile printing, visit the HP Mobile Printing website **www.hp.com/go/mobileprinting**. If a local version of this website is not available in your region, you may be directed to the HP Mobile Printing site in another country or language.

Install the electronic Help by selecting it from the recommended software during software installation. Learn about product features, printing, troubleshooting, and support. Find notices, environmental, and regulatory information, including the European Union Regulatory Notice and compliance statements, in the Technical information section.

- Windows® 10: Click the Start icon, select **All apps**, select the printer name, click **Help**, and then select **Search HP Help**.
- Windows® 8.1: Click the down arrow in lower left corner of the Start screen, select the printer name, click **Help**, and then select **Search HP Help**.
- Windows® 8: On the **Start** screen, right-click an empty area on the screen, click **All Apps** on the app bar, click the icon with the printer's name, and then click **Help**.
- Windows® 7, Windows Vista® and Windows® XP: Click **Start**, select **All Programs**, select **HP**, and then select the printer name.
- OS X Yosemite v10.10: Click **Help > Mac Help**. In the Help Viewer, enter your printer name in the search field and press **Enter**.
- OS X Mavericks v10.9: Click **Help > Help Center**. In the Help Viewer, click **Help for all your apps**, and then click the Help for your printer.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Verizon device
- Eliminate any splitters between the fax machine and the Verizon device.

Further Assistance

If you need further assistance using your XXXXXXX Fax Service, we are always available to help.

Call us at 1-234-567-8901 (1 234-567-8901) or visit www.website.com.

GOSPEL UNION CHURCH OF CHRIST

THIRD The purposes for which the corporation is formed and the business or objects to be carried on and promoted by it are as follows.

To establish and maintain a place or places of worship and teaching for the meetings of the church, and to buy, sell hold, build, lease, or rent a church building or buildings, and to furnish or maintain the same.

The doctrine of the church shall be to receive the scriptures as its authority in matters of faith and practice. Its understanding of Christian truth or contained therein is in essential accord with the belief of the Gospel Union Churches of Christ.

FOURTH. The post office address of the place at which the principal office of the corporation will be located is Box 27, Bryans Road, Maryland. The Resident Agent of the Corporation shall be James Penny, whose post office address is Bryans Road, Maryland. Said Resident Agent is a citizen of the State of Maryland, and actually resides therein.

FIFTH The Corporation shall have no capital stock.

SIXTH The Corporation shall have five (5) directors, and Vencil Bowen, James Jones, James Penny, Alonza Johnson and Lillian Hatcher shall act as such until the first annual meeting, or until the successors are duly chosen and qualified.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver reliable, long-lasting, photographic quality when used with Epson papers.
- To protect your photographs from fading, place glass or store them in archive albums or frames. Your prints will last for generations.
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Drivers & Support

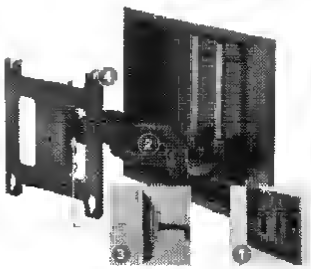
PAC501™ & PNRIW™ – IN-WALL BOX & SWING ARM

42"-71" Flat Panels

FEATURES

1. **LOW PROFILE**
   Designed to ensure mount remains concealed behind the screen.
2. **SMOOTH EXTENSION**
   Contoured swing arms are designed for effortless extension of 22.4" (569 mm).
3. **CENTRIS™ FINGERTIP TILT**
   Select the perfect tension for your screen's center of gravity to achieve smooth fingertip tilt. Screen angle stays set until you decide to re-adjust.
4. **CLICKCONNECT™ TECHNOLOGY**
   [illegible] an audible click confirms flat panels are locked in place. Easy to connect/disconnect, no tools needed! Protect display by adding a padlock.



SPECIFICATIONS

Rot	+/-7°
Tilt	17°
Swivel*	76.5° Left/Right
Extension Range	62" - 22.4" (16 - 569 mm)
Box Dimensions (HxWxD)	20" x 30" x 3.63" (508 x 762 x 92 mm)
Color	Black
Weight Capacity	200 lbs (90.7 kg)

*With 42" flat panel. Swivel angle varies with screen size.

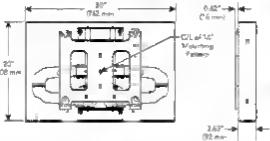
WHAT YOU NEED TO KNOW

ORDERING INFORMATION
PAC501 and PNRIW must be ordered separately. Available in Universal or Custom

- **UNIVERSAL:** Order PAC501 and PNRIWUS
- **CUSTOM:** Order PAC501 PNRIW2000S + PSB-xxxx
  See Mount Finder PRO on www.chiefmfg.com for custom PSB model numbers.

STEP-BY-STEP INSTALLATION PACHFK1™ HEADER/FOOTER KIT

TECHNICAL DRAWINGS



RECOMMENDED ACCESSORIES

- PACHFK1 = Header/Footer Kit
- PACCC1 = Center Channel Speaker Adapter
- PACPC1 = Power Filter

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1 855-338-1239 or 1 213-294-2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 855 338 1239 (it's a toll-free number if you're in the USA.) or 1 213 294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (your boss will never notice maybe) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few inches of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy: We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

1 THE PRAYERS.

IN THE NAME of the Father and of the Son, and of the Holy Spirit Amen.

OPENING PRAYER (Optional) You expired, Jesus, but the source of life gushed forth for souls, and the ocean of mercy opened up for the whole world O Fount of Life unfathomable Divine Mercy envelop the whole world and empty Yourself out upon us

O Blood and Water which gushed forth from the Heart of Jesus as a fount of mercy for us I trust in You! *(Repeat this line 3 times)*

OUR FATHER, Who art in Heaven, hallowed be Thy Name Thy kingdom come, Thy will be done on earth as it is in Heaven. Give us this day our daily bread, and forgive us our trespasses, as we forgive those who trespass against us. And lead us not into temptation, but deliver us from evil Amen

HAIL MARY full of grace the Lord is with thee Blessed art thou among women, and blessed is the fruit of thy womb, Jesus Holy Mary Mother of God, pray for us sinners, now and at the hour of our death Amen.

I BELIEVE IN GOD the Father almighty Creator of Heaven and earth And in Jesus Christ, His only Son, our Lord, Who was conceived by the Holy Spirit born of the Virgin Mary suffered under Pontius Pilate was crucified, died, and was buried He descended into Hell The third day He rose again from the dead He ascended into Heaven, and sits at the right hand of God, the Father almighty He shall come again to judge the living and the dead I believe in the Holy Spirit, the holy Catholic Church the communion of saints, the forgiveness of sins, the resurrection of the body and life everlasting Amen

ETERNAL FATHER, I offer You the Body and Blood, Soul and Divinity of Your dearly beloved Son, Our Lord Jesus Christ, in atonement for our sins and those of the whole world

FOR THE SAKE of His sorrowful Passion, have mercy on us and on the whole world.

HOLY GOD Holy Mighty One, Holy Immortal One have mercy on us and on the whole world. *(Repeat 3 times)*

CLOSING PRAYER (Optional) Eternal God, in whom mercy is endless and the treasury of compassion inexhaustible look kindly upon us, and increase Your mercy in us, that in difficult moments, we might not despair nor become dispirited And with great confidence submit ourselves to Your holy will which is Love and Mercy itself Amen

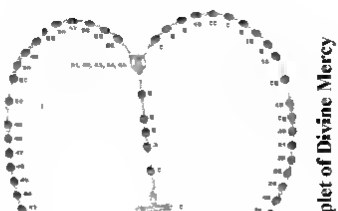
66. In The Name.



A FOWERFUL PRAYER...

In a vision to St. Maria Faustina Kowalska in 1935 the Lord revealed a powerful prayer that He wanted given unto any the Chaplet of The Divine Mercy as He promised extraordinary graces to those who would recite it.

Whoever recites it will receive great mercy at the hour of death Priests will recommend it to sinners as their last hope of salvation Even if there were a sinner most hardened, if he were to recite this chaplet only once he would receive all graces from My infinite mercy I desire to grant unimaginable graces to those who trust in My mercy (DIARY 687)

"When they say it in the presence of the dying I will stand between My Father and the dying person not as the just Judge but as the Merciful Savior" (Fesy 1541)

Through this chaplet you will obtain everything if what you ask for is compatible with My will (1,319)

"By this means [of chaplets, before the Feast of Mercy], I will grant every possible grace to souls" (D iary 796)

"Priests will recommend it to sinners as their last hope of salvation. Even if there were a sinner most hardened, if he were to recite this chaplet only once he would receive grace from My infinite mercy" (Diary 687)

"I desire great unimaginable graces to those souls who trust in My mercy" (Diary 48)

How To Recite The Chaplet of Divine Mercy

Loading staples into B310HDS Stapler

(Instruction)

Add Question

Loading staples into B310HDS Stapler. Instruction guide for loading staples.

Posted by [redacted] on Apr 29, 2011

2 Suggested Solutions

Related solutions from other related products that we feel might be a fit.

Albert Chiou
Top Expert
Answered on Apr 29, 2011

The staples are held in the rear of the stapler. At the back end of the stapler is a piece of black plastic that acts as the bayard the end of the stapler. This device holds the staples inside the stapler. To open the area where the staples are, push that bayard backwards. Then, pull the spring-loaded pusher that pushes the staples inside of a stapler until it engages it. Place a new strip of staples into the stapler and push the pusher back into place. The stapler is now ready to use. I hope this helps you out.

Thanks,
Albert

1 Interest rates, purchases: as annual rates. See terms and conditions enclosed for full details including terms and conditions with respect to applicable interest rates.

2. Interest rate savings is based on the difference between the applicable interest rate for purchases for your account and the special interest rate for purchases if you choose to carry a balance

Terms & Conditions

- Subject to these terms and conditions, you are eligible for a special interest rate of 0.99% until the date of the first billing statement after February 8, 2013 on purchases charged to your Card between January 30, 2012 and January 29, 2013, that are posted to your account by February 5, 2013, provided that you enroll as required by January 29, 2012, you choose to carry a balance and we always receive your minimum monthly payments by the date of the next billing statement. If you have are Missed Payment at any time after the first purchase eligible for the special interest rate is posted to your account, the special interest rate will be lostourt

  A "Missed Payment" means we did not receive the minimum monthly payment on your account by the date of your next billing statement.
- The applicable interest rate for purchases for your account (and not the special interest rate for purchases) applies (i) to all purchases if you do not enroll as required by January 29, 2012, (ii) to all purchases that are not charged and posted to your account within the required time frames, (iii) to the balances remaining after the special interest rate for purchases expires, and (iv) to all purchases if the special interest rate for purchases is reduced. Interest on purchases applies from and including the transactions date or from and including the first day of the billing period in which the purchase is first charged to your account, if that date is later until the day we receive payment in full of all charges. If different interest rates apply to different amounts owing for a particular billing period as shown on your statement, we will apply payments in the same proportion as each amount bears to the outstanding balance owing on the account.
- Fees, advances, balance transfers, Amex checks, charges for travelers cheques, fees and commissions are not purchases and do not qualify for the special interest rate for purchases. The special interest rate for purchases only applies to the account indicated. We reserve the right to withdraw this offer if your account is not in good standing, we become aware of any adverse credit information or if the Basic Rate for purchases applies to your account.

- Call today to get more information and a full set of images in your area.

$1,300 A month

805-683-8605 open 7:00am - 7:00pm pst

- [illegible] OK - yours
- [illegible] OK - myself
- Location: West L.A.
- It's NOT ok to contact this poster with services or other commercial interests

PostingID: 1090476372

[illegible] of the poster didn't [illegible] a phone number, email, or other contact info, craigslist can notify them via email. [illegible]

[illegible]

This is a Send Fax Test from the Trout Hermit I sent it at 10:37 PM or so on Wednesday, July 20, 2011.

I hope it works. It will save me time and money.

WHEEWH

TOBUSCUS!!!

1 Mount the camera to a sturdy tripod

2 Position a reference target for the camera to focus on. The reference target should have sufficient contrast for the AF system to read, should be flat and parallel to the camera's focal plane, and should be centered with respect to the picture area.

3 Print out either this Spyder5 Size Focus Chart or this Focus Test Chart on regular letter size paper. You can print from a laser printer or inkjet (doesn't really matter). Make sure to print on regular paper - not anything glossy like photo paper.

4 Scotch tape or some other adhesive material to keep the focus chart on the wall

5 Lighting should be bright and even

6 Camera-to-subject distance should be no less than 50 times the focal length of the lens. For a 50mm lens, this would be at least 2.5 meters, or approximately 8.2 feet.

7 Set the lens for AF and the camera for One Shot AF and manually select the center focusing point

8 Shoot at the maximum aperture of the lens via manual mode or aperture priority AE, and adjust the exposure level if necessary to achieve an accurate exposure of the reference target. Use a low ISO setting to reduce noise.

9 If the lens has an image stabilizer, shut it off.

10 Use a remote switch and/or the camera's self-timer to release the shutter. Use mirror lock-up as well.

11 Take three sets of images at micro-adjustment settings of -5, 0 and +5, i.e. three consecutive images at -5, three consecutive images at 0, and three consecutive images at +5. Then take a live view image for comparison.

12 Examine the resulting images on your computer monitor at 100% pixel magnification and compare each image to the live view image.

13 Take additional sets of test images at different micro-adjustment settings if necessary until the sharpest image is achieved and pixel-closely matches the live view image.

14 Save the corresponding micro-adjustment settings in the camera.

Here are a few additional precautions to observe:

- Do not attempt to autofocus on an angled chart, because doing so will degrade the consistency of the camera's focusing measurement. Keep in mind that the camera's AF sensor is comprised of multiple pairs of linear pixel arrays. If you attempt to autofocus on a single line in an angled focusing chart, only a few pixels from each pixel array will "see" the target. Ideally, the entire set of reference targets should cover the entire area of the camera's center focusing point, and the reference target should be perfectly parallel to the camera's focal plane.

- For best results, manually set the focus on the lens to infinity for every exposure before allowing the camera to autofocus the reference target.

- Expect some minor variation in focusing accuracy, whether each set of three test images, even though they were all taken at the same micro-adjustment setting. This is completely normal, and is due to the tolerances of the camera's AF system.

- Expect smaller micro-adjustment settings to have a greater effect with telephoto lenses, and vice versa for wide angle lenses.

- If you are attempting to set micro-adjustments for a zoom lens, it is important to realize that the camera's setting may only be accurate for the focal length setting you test. The instruction book suggests testing at the longest focal length of the lens, but you may find it more efficient to choose the focal length you use most often.

- Some cameras and some zoom lenses may require more sophisticated calibration than the in-camera AF micro-adjustment settings can provide. In such cases, it may be necessary to have calibrations performed at a Factory Service Center.

GUIDELINES REGARDING USE OF YOUR SPLINT

1. YOUR SPLINT CAN BE WASHED WITH COLD WATER AND SOAP OR A CLEANING SOLUTION, I E. FANTASTIC.

2. DO NOT LEAVE YOUR SPLINT IN WARM AREAS SUCH AS IN DIRECT SUNLIGHT, IN YOUR CAR DURING THE SUMMER MONTHS OR ON A RADIATOR. IF YOU DO SO, YOUR SPLINT WILL LOOSE ITS SHAPE

3. TOP LOOP VELCRO STRAPS CAN BE WASHED
BOTTOM HOOK VELCRO CAN BE BRUSHED CLEAN
STOCKINGETTE LINERS SHOULD BE WASHED.

4. IF THE BOTTOM HOOK VELCRO COMES LOOSE, HEAT THE ADHESIVE ON THE BACK OF THE VELCRO WITH A HAIR DRYER AND RE-ATTACH IT. IF UNSUCCESSFUL, YOU CAN CALL THE OFFICE FOR A REPLACEMENT PIECE. VELCRO IS AVAILABLE AT MOST HOUSEHOLD/HARDWARE STORES.

5. IF YOU DEVELOP AN IRRITATION OR REDNESS FROM THE SPLINT, PLEASE CALL THE OFFICE FOR AN ADJUSTMENT.

6. IT IS IMPORTANT TO KEEP BOTH YOUR SKIN AND THE SPLINT DRY DURING SPLINT APPLICATIONS.

7. IF YOUR SPLINT HAS BEEN PROVIDED PRE-OPERATIVELY, PLEASE BRING IT BACK TO THE OFFICE ON YOUR FIRST POST-OPERATIVE VISIT. YOUR SPLINT WILL BE STORED FOR YOU OR BRING IT TO THE OFFICE ON THE DAY THAT YOU ARE SCHEDULE FOR YOUR CAST REMOVAL. YOU MAY NEED TO REAPPLY YOUR SPLINT FOLLOWING SURGERY.

Appendix 2: Troubleshooting

T1. How do I restore the TL-WA850RE back to factory default settings?

Method 1

Use a pin to press the **RESET** button on the bottom of the TL-WA850RE while it is plugged into a power outlet.

Method 2

Log in to the management page, navigate to the Tools page, click "System Tools" > "Factory Default Restore" and click "Restore".

* Once you restore the TL-WA850RE back to factory default settings, all configurations will be lost, and you will need to go through the setup process before use.

T2. How can I find out whether my wireless signal is being extended by TL-WA850RE?

Ensure your computer is not connected to your network via wireless connection and stay within your wireless network with and without the TL-WA850RE.

* If you can only find your network with and without the TL-WA850RE, ensure that your computer (or any other wireless device you will use to connect to it) is not too far away and can connect to your wireless network.

T3 What should I do if I cannot log in to or connected TL-WA850RE after

You need change your computer's configuration according to the following steps.

For Mac OS X

1. Click on the Apple icon on the upper left corner of your screen.
2. Go to "System Preferences" > "Network".
3. Select "Ethernet" in the left panel. (It may be labeled differently if you are not using an English version of Mac OS X, but you should select the Ethernet option that uses the Built-in Ethernet port.)
4. In the Configure IPv4 drop down list, select "Using DHCP".
5. Click "Apply" to save the settings.

For Windows XP:

1. Click "Start" > "Control Panel" > "Network Connections".
2. Right-click "Wireless Network Connection" and then select "Properties".
3. Select "Internet Protocol (TCP/IP)" and click "Properties".
4. Select "Obtain an IP address automatically" and "Obtain DNS server address automatically" then click "OK".

For Windows 7:

1. Click "Start" > "Control Panel" > "View network status and tasks" > "Change adapter settings".
2. Right-click "Wireless Network Connection" and then select "Properties".
3. Select "Internet Protocol Version 4 (TCP/IPv4)" and then click "Properties".
4. Select "Obtain an IP address automatically" and "Obtain DNS server address automatically" then click "OK".

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

NOTICE Drywall Settlement Read Below

Does your home contain drywall purchased from Knauf between 2001 and 2009? If so, you may be entitled to benefits from a class action settlement. Please read this notice carefully to see if you are affected and how to submit a claim.

What is this lawsuit about? The lawsuit claims that Knauf sold defective drywall that released sulfur gases, causing damage to homes and personal property. Knauf denies these claims. For more information, visit www.KnaufDrywallSettlement.com.

Who is included? You are included if you owned or lived in a home with Knauf drywall installed between 2001 and 2009. Certain people are excluded, such as employees of Knauf and its affiliates.

What can I get? Eligible homeowners may receive payments for property damage, including costs to remove and replace drywall. Payments depend on the size of your home and the amount of drywall installed. Personal injury claims may also be available.

How do I get a payment? You must submit a claim form by March 15, 2015. Claim forms are available online at www.KnaufDrywallSettlement.com or by calling 1-877-402-3612.

What are my options? You can stay in the settlement and submit a claim, or you can exclude yourself from the settlement by January 5, 2015. If you exclude yourself, you can sue Knauf on your own, but you will not get any money from this settlement.

The Court will hold a hearing on June 18, 2015 to consider whether to approve the settlement and attorneys' fees of up to $995 million. You may ask to appear and speak at the hearing.

For more information, including a detailed notice and claim form, visit www.KnaufDrywallSettlement.com or call 1-877-402-3612.

Bulletin # 8461
Date 8/19/14

Subject: Codes C9401 CC164 Board Replacement Procedures

bizhub C224.	002	**bizhub C224e.**	007	**bizhub C284.**	002
bizhub C284e	007	**bizhub C364.**	002	**bizhub C364e**	007
bizhub C454	002	**bizhub C454e**	005	**bizhub C554.**	002
bizhub C554e	005	**bizhub C654.**	011	**bizhub C654e**	005
bizhub C754	011	**bizhub C754e**	005		

Supersedes Bulletin 8646I dated 9/27/13. Revised to clarify procedures for "e" and non-"e" models.

Follow the procedures outlined below if it is necessary to replace the MFPB and the PRCB in these models. These steps supersede those in the original service manuals

IMPORTANT

- Do not replace the MFPB or the PRCB with a board taken from another machine, and do not replace both boards at the same time. Doing so will cause corruption of stored data.
- Update the firmware to the latest level only after completing all other steps

HOW TO REPLACE THE MFPB *(non-"e" models only)*

1 Turn OFF the machine and unplug it. Remove the covers necessary to obtain access to the MFPB

2 Replace the MFPB, then turn the machine ON

3. Initialize the new MFPB.

   a Insert a USB stick with the latest firmware loaded on the root. Do not update the firmware at this time
   b In the lower right-hand corner, select "Machine Type Select"
   c. Enter the [Machine] and [Type]. Then touch [Fix]

   Refer to the appropdate service manual to obtain the correct Machine and Type codes.
   Note: Entering the incorrect Machine or Type will result in code C9401

4 Turn the machine OFF and remove the USB stick, then, turn the machine ON. The following sequence will occur

   a Code C-D390 will appear with Japanese text
   b. The machine will reboot automatically. This will occur two times.
   c. After the 2nd reboot, the code C-D390 will appear with English text and a "Recover Data" button. It may take up to 5 minutes before the English text appears.

5. When Recover Data appears, restore the backup data following the instructions on the control panel to restore the backup data

Ambassade de la
République du Cameroun

Karlshorster Str. 68, 10621 Berlin

Embassy of the
Republic of Cameroon

Tel: +49 30 660760 Fax: +49 30 66076029
+49 30 66076749

PUBLIC ANNOUNCEMENT

Members of the Cameroonian community in Germany are hereby informed that they can now obtain the new passport such that has been adopted in Berlin.

This passport which is legible on machine and known presently as "biometrics passport" or "CEMAC passport" is for the moment only being established by the General Delegation for National Security (DGSN) in Yaounde. However the Embassy collects documents and data needed for this passport and transmit them to Cameroon for its establishment.

The collection of documents and data is done at the Embassy **BY APPOINTMENT** every **Monday** (with the exception of public holidays) *from* 09 30 to 14 00. The physical presence of the person desiring to obtain the passport is obligatory.

The list of the **Documents required** and the **Passport application form** are available at the Embassy and at its Web site at www.ambacam.de on the link "Download" on the Welcoming Page.

NOTA BENE:

The current CEMAC passport cannot have its validity extended. In case of need a new passport consulary must to be ordered.

The former or old passport could, pending new instructions, have their validity extended at the Embassy.

The International Civil Aviation Organization (ICAO) emphasizes that by April 2010 at latest, all persons travelling should be in possession of a biometric passport or at least a passport that is legible on machine. It is therefore highly recommended to holders of the former or old passports to ensure that they establish the new passport form before the said deadline.

FRONT

Mr Hansen

Thanks you for considering [illegible] landscaping in your new divisional headquarters We are pleased to submit our proposal drawnth for the concept phase as agreed earlier

Since your available area is somewhat limited, we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements. I will have my secretary make the arrangements. Please call me in the interim if you have any questions

TEST 1

2010, I graduated with my Associates Degree in Applied Science for Computer Systems Technology. During this time I have used the knowledge and skills I have obtain while pursuing my degree to assist friends and family members with computer repair and software usage issues.

The majority of my family members are teachers at local school districts around New Jersey. I am familiar with the day to day issues they face ranging from entering grades for their students in student software programs such as Power School to attaching their computer to a projector or smartboard. I also have specific knowledge of networking, modems and repair, upgrading, and virus removal. I know the benefit of computers and how they can enhance and simplify the tasks teachers and other staff members face on a daily basis. I feel both gratified and thrilled when I am able to assist individuals by alleviating their computer concerns.

You will find my resume attached as well as all of the necessary documentation needed to apply for this position as stated on your job opening. If any other information is needed, feel free to contact me and I will gladly provide all that I can.

I would like to thank you in advance for considering me as a candidate and look forward to speaking with you in person. I will follow up with a phone call within the next week.

Sincerely,

Christine Murray

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send? »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 888-877 1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy -- it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Interview Consent Form

The comparative research you are about to be interviewed for is aimed to determine the efficiency of two non-profit organizations that encompass the aquatic related activities in Canada. The Red Cross Society of Canada and the Canadian Lifesaving Society. There will be 10 questions or fewer to answer, based on the quantity of information provided in each one. The whole process will last approximately 15 to 20 minutes and will ensure your comfort. Feel free to interrupt or stop the interview if there is any breach to your comfort. Three questions of this interview are personal to analyze the psychological pattern and if you do not wish to disclose some information for any private or emotional reason there is no obligation. To ensure your comfort, please check off the box allowing the audio recording of the interview for transcription purposes declining will not alter the results.

Note of confidentiality: Rest assured that none of your contact information will be divulged, that your name will always remain anonymous and none of personal details will ever be shared with anyone but the interviewer and the interviewee.

Your interviewer's contact information should you ever need to establish contact.

DISCLOSURE REGARDING REAL ESTATE AGENCY RELATIONSHIP

(Listing Firm to Seller)
(As required by the Civil Code)
(C.A.R. Form AB, Revised 12/14)

☐ (If checked) This form is being provided in connection with a transaction for a leasehold interest exceeding one year as per Civil Code section 2079.13(j) and (k).

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should know the duties of an agent and your rights of agency relationships. A real estate agent is either a person licensed to deal with the public in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller: A Fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Seller.

To the Buyer and the Seller:

(a) A diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Buyer. An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

BUYER'S AGENT

A selling agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer: A fiduciary duty of the utmost care, integrity, honesty and loyalty in dealings with the Buyer.

To both the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either the Seller or the Buyer.

(b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, the agent may not, without the express permission of the respective party, disclose to the other party that the Seller will accept a price less than the listing price or that the Buyer will pay a price greater than the price offered.

The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect his or her own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with a disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in that specific transaction.

This disclosure form includes the provisions of Civil Code sections 2079.13 to 2079.24, inclusive, of the Civil Code set forth on page 2. Read it carefully. I/WE ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE AND THE PORTIONS OF THE CIVIL CODE PRINTED ON THE BACK (OR A SEPARATE PAGE).

☐ Buyer ☐ Seller ☐ Landlord ☐ Tenant _____ Date _____

☐ Buyer ☐ Seller ☐ Landlord ☐ Tenant _____ Date _____

Agent _____ By _____ Date _____

(Selling Firm to Buyer)

(Associate Licensee or Broker, if applicable)

Agency relationships is confirmed in the above Agency Disclosure: (i) The Listing Agent shall have only AB (Limited Agent by Seller) consent and a different AB form signed by Buyer/Tenant.

(ii) When the Buyer and Seller/Tenant are not represented by a Tenant Lease Agent companies: (i) The Listing Agent shall have only AB (Limited Agent by Seller) consent and a different AB form signed by Buyer/Tenant. (ii) The Buyer's Agent shall have only AB (Limited Agent by Buyer) consent and a different AB form or a different AB form signed by Seller/Landlord.

(iii) When the Buyer and Seller/Tenant are represented by a Tenant Lease Agent companies: (i) The Listing Agent shall have only AB (Limited Agent by Seller) consent and a different AB form signed by Buyer/Tenant. (ii) The Buyer's Agent shall have only AB (Limited Agent by Buyer) consent and a different AB form or a different AB form signed by Seller/Landlord.

CHANGES TO AGREEMENTS:

A. You may make changes to the information you provided to data agreement by contacting the Institution. The timely application of changes depends on when they are received by NBS. NBS *may* make to apply changes prior to the next additional payment shall if NBS determines, for whatever reason, that it does not have sufficient time to act on them to the event that you authorize additional services from the Institution, or in the event that additional fees are assessed by the Institution in accordance with its policies, you understand that the data balance due and/or payment amount will change. You agree that your authorization of any such change shall constitutes your authorization to change the payment amount, and/or in the next payments until the total balance due is paid in full. If you, **as the Responsible Party, are not the student, you authorize the student to make changes to his or her payments or additional and agree to be bound by any such changes.** You do not require NBS or the Institution to data advance notice of any adjustments resulting from any such changed authorization, which account any reduction in the balance due and/or payment or a result of the financial aid or any other except page. However a copy of any next changed authorization is to be provided to you.

B. If down will be any change in the preauthorized payment amount other data a changes made by you, as described above, you will receive notice of next changed payment **account** at least ten (10) days in advance of the next additional payment.

C. You may revoke your authorization by banking NBS a signed, written notification or an e-mail. Upon receipt, NBS will immediately terminate your agreement. However, terminating your agreement with NBS in no way affects your **obligation** to pay all amounts due, and you will be charged another nonrefundable agreement **fee** if you need to begin a new agreement.

CONFIRMATION: any and all inconsistencies in the information provided will be resolved in the confirmation notification sent to you from NBS. Changes made by the institution that are received by NBS before the notification is sent may also be included. In either event, the confirmation notification shall be controlling.

DISCOVERY OF SUSPECTED ERRORS: If you discover with you believe to be an error made by NBS, you must report the **SUSPECT** error to NBS immediately. NBS need hear from you no shall than sixty (60) days after the suspected error occurred. This obligates you to timely review of your bank statements and a timely response to complete letters, e-mails, or phone shall. It is your responsibility to report suspected errors as soon as possible.

GOVERNING LAW: You acknowledge that the origination of ACH cancellation to your account must comply with the provisions of U.S. law. This agreement shall be governed by the laws of the State of Nebraska. The District Court of Lancaster County, Nebraska, shall be the sole venue for filing any action. This agreement should in no way be construed to be a lender-borrower agreement between NBS and the Institution or NBS and you.

ARBITRATION: Upon the account of you or NBS, any dispute concerning the holiday duties or liabilities under this agreement shall be resolved by binding arbitration in accordance with the terms of the agreement. Arbitration proceedings shall be administered by the American Arbitration Association ("AAA") or such other administrator as the parties shall mutually agree upon in accordance with the AAA Commercial Arbitration Rules. All disputes submitted to arbitration shall be resolved in accordance with the Federal Arbitration Act (Title 9 of the United States Code) notwithstanding any conflicting choice of law provision. The arbitration data be conducted at a location in Lincoln reduction selected by the AAA or other administrator. All advances of limitation applicable to any charges shall apply to any arbitration proceeding. All discovery activities shall be expressly limited to matters directly relevant to the dispute being arbitrated. Judgment upon any award rendered in arbitration may be entered in any court having jurisdiction.

PRIVACY AND SECURITY: shall collected and stores by NBS pursuant to this agreement is governed by the Institution's privacy policy. This data will not be used by NBS in any another not expressly by the Institution before required by law (for **obligates** a open order or payments) except to the shall shall be **collected** to

- The Currency Converter

  Displays currency. A module will hold all of the fields about a currency, such as the three-letter code, the symbol, and so on.

Location

The Location module allows location information to be collected, managed and used by other modules.

Module Buttons

Configure the Location module

Manually configure the location

Delete configured location

Refresh the location

Configure the location module

Create or Modify a Location

A location can be created in several ways. The easiest is to use the Location module. The Location module allows you to add, modify, and delete locations. If you are looking for the location of a specific place, you can search for it by name. You can also search for locations near your current location, or near other locations. Let's look at each of these.

When you first begin using Tasklord Executive, you will find that Tasklord has a default location set up. You can add, modify, and delete locations:

- Traveling
- Training
- Work

Hello World

READ THIS FIRST

DO NOT THROW AWAY ANYTHING WE SEND YOU. YOU MIGHT NEED IT LATER ON!

If you ordered a SIM card or a cell phone, please review your eBay item's "full description". Complete activation instructions are provided in your eBay item's "full description" with helpful links to save you time & money!

IMPORTANT:

If you ordered a SIM card feature and activate it, insert it into your cell phone and make sure your phone picks up that your SIM card is there. If your phone does not pick up that your SIM card is there, it means that 1) your cell phone is not compatible, 2) your phone is not unlocked, or 3) you have no coverage. Refer to your eBay item's "full description" for more information.

WHAT IS A PIN NUMBER?

A PIN number is the number you got after paying for your minutes or your plan. A PIN number is often required when you activate your new wireless service. Please refer to your eBay item's "full description" for helpful links to purchase your minutes or plan, and receive your PIN number.

PORTING A NUMBER

(MAKE NO MISTAKES WHILE PORTING)

1. If you are porting a number from a different carrier provider, the number you are porting must be an active, working number.
2. SIM card customers, DO NOT accidentally activate your SIM card with a new number as you will also longer be able to port a different number to your SIM card.
3. When asked for the Account Number and Password/PIN, for the number you are porting, if you are not sure what it is, or else, the service provider of the number you are porting to, find out! Don't guess!

How to: Using the New Windows 7 Features

How to keep Windows 7 from rebooting after installing updates

It can be frustrating to leave your computer running and come back to find that it has rebooted itself after installing updates. It is better than it used to be, as Windows 7 will reopen Word documents and the like that you had open, but you may lose your place if you had open web pages. Luckily you can configure Windows 7 not to automatically reboot after installing updates. Here's how:

1. As always, be sure to back up your registry before making changes
2. Log on with an administrative account
3. Open the registry editor and navigate to: HKEY_LOCAL_MACHINE \ SOFTWARE \ Policies \ Microsoft \ Windows
4. Right click on the Windows node and select New | Key
5. Name the new key WindowsUpdate
6. Right click the new key and select New | Key
7. Name the new key AU
8. In the right pane, right click on empty space and select New | DWARD (32 bit) Value
9. Name the new value NoAutoRebootWithLoggedOnUsers
10. Press Enter
11. Right click the new value and select Modify
12. In the value data field, type 1
13. Click OK
14. Close the registry editor
15. Reboot the computer

Now you should no longer get automatic restarts after updates are installed

FLORIDA ASSOCIATION OF COUNTIES TRUST

Proof that girls are evil

First we state that girls require time and money

$$Girls = Time \times Money$$

And as we all know "time is money."

$$Time = Money$$

Therefore

$$Girls = Money \times Money = (Money)^2$$

And because "money is the root of all evil":

$$Money = \sqrt{Evil}$$

Therefore

$$Girls = (\sqrt{Evil})^2$$

And we are forced to conclude that

$$Girls = Evil$$

WIRING & SAFETY GUIDELINES

...efore you begin installation or the light fitting, please review these guidelines in detail.

Safety Notes
...shall be the responsibility of the person who carries out the installation.

This product must be correctly installed. If the product is installed wrongly, it could be unsafe for use.

If you are not sure about any part of the lighting installation, please consult a qualified electrician. Always switch off the mains supply at the consumer unit before starting the installation. Ensure that the supply is isolated and that no other person can switch the supply back on during the installation. Do not switch on the mains supply until the installation is complete.

As with any electrical appliance, this product should only be installed with the supply to the fuse box and removing the fuse.

Warning: This product has sharp components. Handle with care to avoid damage or personal injury.

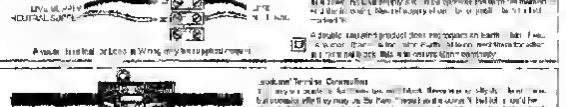
Use a soft, clean, dry cloth for cleaning. Do not use any cleaning or abrasive materials. Always follow safety instructions for product-specific handling.

Please note that the lamps may get very hot during use and must not be touched. Take care when changing or handling lamps.

Product Wiring Categories
Your new light could fall into one of the following categories. Please take time to read the guidelines on both.

Mains voltage connection
2.1 Low voltage

Mains Voltage Connection
The cable used to connect the mains supply to the fitting must be suitable for the current drawn by the fitting and must be correctly rated for the ambient temperature of the location in which it is installed. Please refer to the table below for guidance.



Wire Color Codes

STANDARD WIRE COLOURS FOR LIGHTING CABLE					
Standard	Voltage	Lighting Type	Live	Neutral	Protective earth/Ground
Modern UK cables (2004 and later)	230V	Ceiling and Sconce	Brown	Blue	Green & Yellow
		Table and Floor	Red	Black	Green & Yellow
Old UK cables (before 2004)	230V	All	Red	Black	Green & Yellow

STANDARD WIRE COLOURS FOR TWIN CABLE USED BEHIND THE WALL WIRING CABLES			
Region	Live	Neutral	Protective Earth/Ground
European and UK (230V)	Brown	Blue	Green & Yellow
American and Canadian (120V)	Red	Black	Green & Yellow
United States (110V)	Black, Red, Blue, Brown	White or Grey	Green

Note: The colours in this table represent the most common and still widely standard colours for wiring in place now, however there may be some exceptions to these colours.

FHA DISCLOSURES
AMENDATORY CLAUSE / REAL ESTATE CERTIFICATION

Loan #: [illegible]

Buyer(s): [illegible] & CYNDI
Seller(s): ERIC FETTMAN
Property Address: 9 FAIRWAY DRIVE DANBURY, CT 06811

Date of Agreement: _____
File No.: 08-0079487

FHA AMENDATORY CLAUSE

It is expressly agreed that notwithstanding any other provisions of this contract, the purchaser shall not be obligated to consummate the purchase of the property described herein or to incur any penalty by forfeiture of earnest money deposits or otherwise unless the purchaser has been given in accordance with HUD/FHA or VA requirements a written statement by the Federal Housing Commissioner, Department of Veterans Affairs, or a Direct Endorsement lender setting forth the appraised value of the property of not less than $320,000.00. The purchaser shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation. The appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value nor the condition of the property. The condition should satisfy himself/herself that the price and condition of the property are acceptable.

[illegible] & Cyndi
BUYER/BUYER — BUYER'S NAME — DATE

[illegible]
SELLER — SELLER'S NAME — DATE 9/1/09

Note: The dollar amount to be inserted in the second above is the sales price as stated in the contract. If the borrower and seller agree to adjust the sales price in response to an appraised value that is less than the sales price, a new amendatory clause is not required. However, the loan application package must include the original sales contract with the upset price as shown on the amendatory clause along with the revised or subsequent sales contract.

REAL ESTATE CERTIFICATION

We, the borrower, co-borrower, or selling real estate agent or broker (owner) of the sales transaction certify by our signatures below that the terms and conditions of the sales contract are true to the best of our knowledge and belief, and that any other agreement entered into by any of these parties in connection with this real estate transaction is part of, or attached to, the sales agreement.

[illegible] & Cyndi
BUYER/BUYER — BUYER'S NAME — DATE

[illegible]
SELLER — SELLER'S NAME — DATE 9/1/09

[illegible]
LISTING AGENT (for applicable) — DATE 9-1-09

[illegible]
SELLING AGENT (for applicable) — DATE 9/1/09

WARNING: Any signatory above indicates that we fully understand that it is a Federal Crime punishable by fine, imprisonment or both to knowingly make any false statements concerning any of the above facts as applicable under the provisions of Title 18 United States Code, Sections 1012 and 1014.

Vonage Test Fax

Fax	Fax
Phone	Phone
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device bypassing any home wiring
- If using an All-In-One device temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service we are always available to help

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com.**

LAW OFFICE OF DAVID

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

You have a very LOW review/rating on medical related websites!!! This is usually because competitors will do everything they can to hurt your online reputation and drive away any potential clients who search for your name online

We can improve your online reputation by posting positive reviews on major review sites and increase your general rating on sites like healthgrades.com vitals.com or doctorscorecard.com

Having positive reviews on major review sites will drive more patients to choose you as their doctor and will make your name stand up from all of the other competitors

Our services include
- Improving your reputation by posting good reviews,
- Suppressing negative reviews or other links that might damage your reputation, with positive ones which you can control
- Increasing your online popularity by creating websites and offering SEO (Search Engine Optimization) services.

Find out more about how we can improve your image on the internet and drive more patients to you by visiting our website at http://onlinereputationgroup.com

You can contact us at onlinereputationgroup@gmail.com or call us at 561-372-5577

Thank you for according us your time and understanding

If you believe you receive this message by mistake, please unsubscribe here:

Nam liber tempor cum soluta nobis eleifend option congue nihil imperdiet doming id quod mazim placerat facer possim assum. Typi non habent claritatem insitam; est usus legentis in iis qui facit eorum claritatem. Investigationes demonstraverunt lectores legere me lius quod ii legunt saepius. Claritas est etiam processus dynamicus, qui sequitur mutationem consuetudium lectorum. Mirum est notare quam littera gothica, quam nunc putamus parum claram, anteposuerit litterarum formas humanitatis per seacula quarta decima et quinta decima. Eodem modo typi, qui nunc nobis videntur parum clari, fiant sollemnes in futurum.

Nam liber tempor cum soluta nobis eleifend option congue nihil imperdiet doming id quod mazim placerat facer possim assum. Typi non habent claritatem insitam; est usus legentis in iis qui facit eorum claritatem. Investigationes demonstraverunt lectores legere me lius quod ii legunt saepius. Claritas est etiam processus dynamicus, qui sequitur mutationem consuetudium lectorum. Mirum est notare quam littera gothica, quam nunc putamus parum claram, anteposuerit litterarum formas humanitatis per seacula quarta decima et quinta decima. Eodem modo typi, qui nunc nobis videntur parum clari, fiant sollemnes in futurum.

Prover to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has

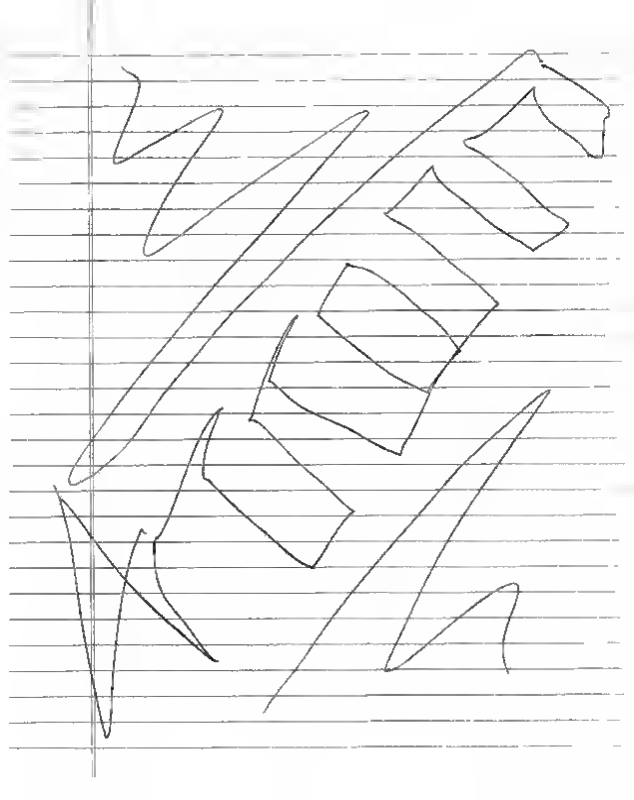
seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle

Make this prayer known everywhere.

Imprimatur
Most Rev George W Ahr
Bishop of Trenton



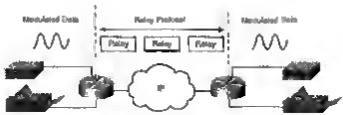
CHAPTER 5

Relay

Relay is the other transport method for passing modulated fax over IP networks. However relay uses a much different process than passthrough for establishing communication between fax, modem, and text devices.

Although passthrough digitizes the modulated waveform using pulse code modulation (PCM), relay decodes the modulated waveform and then passes the decoded frame over IP using a relay protocol. Because the modulated waveform sent by a fax or modem is simply carrying digital information, relay strips off this modulation and passes just the original binary information. On the other side this binary information is remodulated into an analog waveform. Figure 5-1 provides an overview of a relay call.

Figure 5-1 *Relay Call Overview*



To accommodate fax, modem, and text devices, a different relay protocol must be implemented for each. The following sections address in detail the different relay types supported by Cisco gateways in addition to the fundamental concepts behind the relay transport method.

Relay Fundamentals

Compared to passthrough, the IP transport mechanism of relay is more complicated. During a relay call, the gateway plays a more active role in the communication occurring between the data devices. The voice gateway configured for relay must be able to "understand" and "speak" the protocols that are being used by the fax machines or text devices themselves.

TEST

TEST FAX

To take advantage of this template's design, use the Styles gallery on the Home tab. You can format your headings by using heading styles, or highlight important text using other styles, like Emphasis and Intense Quote. These styles come in formatted to look great and work together to help communicate your ideas.

Go ahead and get started.

Video provides a powerful way to help you prove your point. When you click Online Video, you can paste in the embed code for the video you want to add. You can also type a keyword to search online for the video that best fits your document. To make your document look professionally produced, Word provides header, footer, cover page, and text box designs that complement each other. For example, you can add a matching cover page, header, and sidebar. Click Insert and then choose the elements you want from the different galleries. Themes and styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme.

When you apply styles, your headings change to match the new theme. Save time in Word with new buttons that show up where you need them. To change the way a picture fits in your document, click it and a button for layout options appears next to it. When you work on a table, click where you want to add a row or a column, and then click the plus sign. Reading is easier, too, in the new Reading view. You can collapse parts of the document and focus on the text you want. If you need to stop reading before you reach the end, Word remembers where you left off - even on another device. Video provides a powerful way to help you prove your point.

Balance Transfer APR	0% fixed intro APR for the first 12 billing cycles that your Account is open. After that, **13.24%** This APR will vary with the market based on the Prime Rate.[1]
Cash Advance APR	**24.24%** This APR will vary with the market based on the Prime Rate.[1]
Overdraft Advance APR	**24.24%** This APR will vary with the market based on the Prime Rate.[1]
Default APR and When it Applies	**29.99%** This APR will vary with the market based on the Prime Rate.[1] The Default APR will be applicable to your Account if you: • fail to make any Minimum Payment by the date and time due (late payment) • exceed your credit line; • make a payment to us that is returned unpaid; or • do any of the above on another account or loan you have with us or any of our Return banks. **How Long Will the Default APR Apply:** If an APR is increased for any of these reasons, the Default APR will apply indefinitely to all outstanding balances and future transactions on you Account.
Xtra Period	Your due date will be a minimum of 20 days after the close of each billing cycle. We will not charge you periodic interest on purchases if you pay your entire balance by the due date each month. We will begin charging interest on balance transfers, cash advances, and overdraft advances on the transaction date.
Minimum Interest Charge	If you are charged periodic interest, the charge will be no less than $1.50.

FEES

Annual Membership Fee	**Xtra**
Transaction Fee	
Balance Transfers	Either **$5** or **4%** of the amount of each transfer, whichever is greater
Cash Advances	Either **$10** or 4% of the amount of each transaction, whichever is greater
Foreign Transactions	3% of each transaction in U.S. dollars
Penalty Fees	
Late Payment	**$19** if the balance is less than $100; **$34** if the balance is $100 or more, but less than $250; and **$49** if the balance is $250 or more.
Over-the-Credit-Limit	**$39**
Return Payment	**$30**
Return Check	**$30**

Loss of Intro APR. We will end your introductory APR if you fail to make any required Minimum Payment by the date and time due and the Annual APR will take hertet.

How We Will Calculate Your Balance. We use the daily balance method (including new transactions).

Prime Rate: Variable APRs are based on the 3.25% Prime Rate as of 30/23/2011

[1] We add 9.99% to the Prime Rate to determine the Purchase/Balance Transfer APR.

[1] We add 20.99% to the Prime Rate to determine the Cash/Overdraft Advance APR.

[1] We add 26.99% to the Prime Rate to determine the Default APR. Minimum APR 25.99%

CONTENT – Tell us about your program

LENGTH: HR 00 MIN 30

Program Title: Petoskey Area Public Meetings #: 1234567890

Description (50 words or less):

Is this program a part of a series. Series Name: Petoskey Area Public Meetings

Program Submitted On (check all that apply)

- ☐ Portable
- ☐ Mobile Storage Device
  (e.g. flash drive, thumb drive, etc) as MP4 H264 with AAC audio (no Quick Time)
- ☐ DVD
- ☑ Data DVD as MP4 (.mp4 - H.264 audio/video Codec) Please upload
- ☐ MPEG Tape

Check or (if necessary) list all that fit your program:

Community Education
- ☐ Community Events
- ☐ Health & Well Being
- ☐ Local Arts & Culture
- ☐ Local History & Heritage
- ☐ Training, Resources & Information

Community Events
- ☐ Public Meetings
- ☑ Special Events & Fairs

Community Issues & Stories
- ☐ Organization Stories
- ☐ Personal Opinion & Viewpoints

Environment
- ☐ Recycling and Waste Management
- ☐ Service Organizations & Initiatives

Entertainment
- ☐ Amateur Video
- ☐ Dramatic Performance
- ☐ Music Performance
- ☐ Original Family Content
- ☐ General Family Entertainment
- ☐ Movies

☐ Local Documentary

Religious
- ☐ Church Services
- ☐ Religious Discussions

Sports
- ☐ Sporting Events
- ☐ Sports Instruction

If other, please provide your own tags

Does your program carry a "Viewer Discretion" warning (see Ordaining Rules)? ☐ Yes ☐ No

Choose a rating for your program (see bible, www.tvguidelines.com/ratingsguide.htm):
- ☐ TV Y
- ☐ TV G
- ☐ TV PG
- ☐ TV 14
- ☐ TV MA
- ☐ N/A

CHECK BOX ONLY – Continue your duplication instructions on this sheet

- ☐ Any Repeats to be scheduled? Please specify
- ☐ Yes

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

LOCKHEED MARTIN
Aeronautics Employees' Reaching Out (AERO) Club
Marietta, Georgia

2010

"Working for your community - and for YOU!"

I select the following contribution level.

- ☐ **Platinum Circle (1.2% of my weekly salary)**
- ☐ **Gold Circle (1.0% of my weekly salary)**
- ☐ **Silver Circle (0.7% of my weekly salary)**
- ☐ **Bronze Circle (0.5% of my weekly salary)**
- ☐ **Other set weekly amount: $_____.__ ($2.00 minimum per restriction*)**
- ☐ **One time amount: $_____.__ ($25.00 minimum with increases in $5.00 increments)**

Payroll deduction for LM AERO Club - Marietta

It is my understanding that the amount deducted will be credited to the general fund of the LM AERO Club for the purpose of covering donations to all charitable grants sponsored by the LM AERO Club. The LM AERO Club is authorized to allocate my contributions to various fund appeals as it sees fit unless I elect to restrict my donation to one or more charities (not to exceed five) by entering an Organization # from the list of organizations eligible for restrictions shown on the reverse side of this form (if more than five are listed, only the first five will be recorded). Deductions will be divided as equally as possible among the restricted organizations. If an organization you are restricting funds toward is removed from the LM AERO Club Card, your funds will go into the general fund (#700) unless otherwise directed by submitting a new card.

***Restrict to Organization(s): #_____, #_____, #_____, #_____, #_____.**
(MINIMUM OF $2.00 PER WEEK PER ORGANIZATION)

I hereby authorize Lockheed Martin to deduct this amount from my paycheck.

_____ _____ _____
Employee Signature Date Extension

Your contributions to the LM AERO Club, a 501(c)3 charitable organization, are tax deductible in accordance with IRS rules and regulations. The LM AERO Club will distribute donated funds to charities as designated.

Return completed forms to: LM AERO Club, MZ 0261

Test cricket is the longest form of the sport of cricket. Test matches are played between national representative teams with "Test status" as determined by the International Cricket Council (ICC). The two teams of 11 players play a four innings match, which often lasts up to five days. It is generally considered the most complete examination of teams' playing ability and endurance.[1][2][3] The origin of the name, Test stems from the long, gruelling match being a "test" of the relative strength of the two sides.[4]

The first officially recognised Test match began on 15 March 1877, between England and Australia at the Melbourne Cricket Ground (MCG), where Australia won by 45 runs.[5] A Test match to celebrate 100 years of Test cricket was held in Melbourne from 12 to 17 March 1977, in which Australia beat England by 45 runs—the same margin as that first Test.[6]

In October 2012, the International Cricket Council recast the playing conditions for Test matches, permitting day/night Test matches.[7]

- 10 External links

Test status[edit]

Test matches are included in first-class cricket. Matches are played between national representative teams with "Test status" as determined by the International Cricket Council. As of December 2014, ten national teams have Test status, the most recently promoted being Bangladesh in 2000. Zimbabwe's Test status was voluntarily suspended, because of poor performances between 2006 and 2011, it returned to competition in August 2011.[8]

In January 2014, during the historic ICC meeting in Dubai, the pathway for new potential test nations was laid out with the winners of the next round of the ICC Intercontinental Cup playing a 5-day match against the bottom rank test nation. If the Associate team defeats the test nation then they could be added as the new test country and be given full membership.

A list of matches, defined as "Tests", was first drawn up by Australian Clarence Moody in the mid-1890s. Representative matches played by simultaneous England touring sides of 1891–92 (in Australia and South Africa) and 1929–30 (in the West Indies and New Zealand) are deemed to have "Test status".

In 1970, a series of five "Test matches" was played in England between England and a 'Rest of the World XI'. These matches, originally scheduled between England and South Africa, were amended after South Africa was suspended from international cricket because of their government's policy of apartheid. Although initially given Test status (and included as Test matches in some record books, including Wisden Cricketers' Almanack), this was later withdrawn and a principle was established that official Test matches can only be between nations. Despite this, in 2005, the ICC ruled that the six-day Super Series match that took place in October 2005 between Australia and a World XI was an official Test match. Some cricket writers and statisticians, including Bill Frindall, ignored the ICC's ruling and excluded the 2005 match from their records. The series of "Test matches" played in Australia between Australia and a World XI in 1971/72 do not have Test status. Kerry Packer World Series Cricket

Subject: FW: Citadel Printers/Copiers

Tim,
I need to close the loop with Al since I thought you were to talk to me? The answer below is not going work. He is not asking to have the printer outside of IT's office to have a fax. Just wants to know what units have it and what the number is.

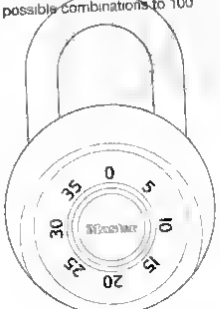
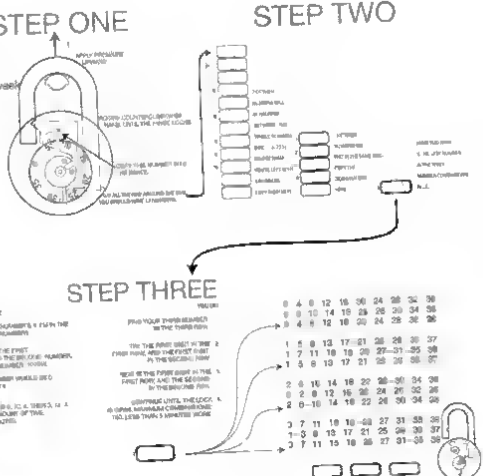
503-300-1300

There are 64 000 perceived possible combinations to open a padlock. At first glance that a just more than 1 week of 24/7 manual attempts

There exists though, a simple mechanical weakness that reduces this number of possible combinations to 100





Employee FAQs

Q. How do I update my email address?

A. Once you have successfully logged in to your account you can change your email address. Click on the *My Account* tab and *Update Contact Info*. Then, you can scroll down to *Contact & Notification Preferences* where you would update your account with your new email address. Type in your new email address and click *Save Changes* which is found at the bottom of the page.

Q. I created an account but there are no forms for me to complete.

A. Either the system does not yet have your updated address information or you have already completed your forms (do you have forms listed under *View/Update Current EForms*? If you have not already filled out your forms, please contact your employer.

Q. My address is incorrect. How can I change it?

A. You may not have the ability to update your address on the site. Please contact your employer to update your address.

Q. I don't know how to fill out my forms. Who can help me?

A. Every form has an *Instructions* link that you can click on to read the form's instructions. If you still have questions with a particular form, please contact your employer.

Q. I completed the Federal W-4 but there are no state forms to complete.

A. If you live or work in a state that has income tax, after submitting the Federal W-4 there may be prerequisite questions listed in Step 2 that need to be answered to determine which state form(s) you need to complete. If there is a pending prerequisite question it will be highlighted yellow until you answer it and click *Save My Answers*. (Note: Some states have multiple prerequisite questions.)

Q. How do I know I'm done filling out all of my forms?

A. A message will be displayed under Step 3 stating this there are no more forms to complete.

Q. My employer said they never received my forms but I filled them out. What happened?

A. Under *EForms Library*, click on *View/Update Current EForms*. Do you see your forms listed? If yes, then contact your employer with the date you submitted forms. If no, click on *View Historical EForms*. Do you see your forms listed? If yes, then the forms submitted were archived (if you clicked *Change* on a form instead of *View* this will archive the form.) Go back to *Submit New EForms* and you will see forms in Step 3 to complete.

Fax test

TEST FAX 2

SENT by DIS_FAN

Hello. Thanks for letting me test this.

What If I Know I Owe The Plaintiff Some Money?

If you think you owe the plaintiff something, but you do not agree with the amount the plaintiff is asking for or you are not sure how much you owe the plaintiff, you should file a written Answer. This gives you a chance to come to court for a trial to question how the plaintiff added up the amount claimed.

What Should I Do If I Admit That I Owe The Plaintiff The Whole Amount?

If you are sure that you owe the whole amount but you want time to pay, you must file an Answer **not later than the Answer date**, stating that you want time to pay the claim and why you are asking for the extra time to pay. You may ask for a period of time during which you can make payments that you suggest. If you do not, and you are an individual, the court will enter a judgment with an order of payments of $35.00 each week until the judgment is paid. If you ask to pay less than $35.00 per week and the plaintiff does not agree, a trial will be scheduled.

A judgment against a business entity, for example, a corporation, or a judgment against a landlord for return of a security deposit, will be ordered paid in the full amount. This will be entered as a judgment of the court.

If you pay the plaintiff/plaintiff's attorney the full amount **owed plus costs**, if any, before the answer date, tell the court on the Answer form. Do not send payment(s) to the court.

Where And When Do I Have To Go To Court?

If a trial is required, you will be sent a notice of the date, time and place of the trial. Even if you filed an Answer or a request for time to pay, the court can enter a judgment against you if you do not come to court on the date and time set for the trial.

What Do I Need To Bring To Court?

On the day of the trial, you must bring all your witnesses and evidence (bills, invoices, checks) to court with you. This includes any defective or damaged goods that can be brought to court safely and easily, estimates of damages, pictures, and anything else that you want the court to look at. Be complete and organized in your case. **A small claims judgment cannot be appealed.**

The Judicial Branch of the State of Connecticut complies with the Americans with Disabilities Act (ADA). If you need a reasonable accommodation in accordance with the ADA, contact a court clerk or an ADA contact person listed at www.jud.ct.gov/ADA/.

Boo Hoo Breakfast

Dear Kindergarten Parents,

The Northside PTA cordially invites you to its Annual ***Boo Hoo Breakfest*** in Bicentennial Hall (cafeteria) on Tuesday, September 7th at 9:30am.

After you drop off your little one, or follow the bus to the school, please join us to commiserate (or celebrate) with fellow Kindergarten parents. This is the beginning of a whole new wonderful world for you and your child.

The Kindergarten teachers will be waiting outside to meet your child and once every child is accounted for, they will head to their classrooms. After your little one is in their classroom please head down to the cafeteria and join the other Kindergarten parents. Coffee, juice and assorted baked goods will be served.

On another topic Open House night/book fair will be held on Tuesday September 14th. The schedule will be printed in the August, 2010 **The Learner, Too**. In addition to meeting the teacher and visiting the classroom you will have the opportunity to purchase some books. The money goes directly to supporting your PTA!

I hope to see you there!

Sincerely,

Maria Kasper

TEST

Congratulations on taking the first step toward addressing your hearing loss!

Dear Richard,

Thank you for your recent visit to assess your hearing loss — a condition that affects approximately 48 million Americans.[1] Evidence continues to mount that untreated hearing loss is linked to many conditions that could affect your well being, including Alzheimer's, dementia, an increased risk of falling and more.[2] Without treatment, hearing loss will continue to deteriorate over time.[3]

For a limited time, we are offering you a **special discount of up to $1000 off*** a pair of **Ultimate hearing aids**.

These are the **most advanced hearing devices** on the market today with innovative features, including connecting to the internet, enabling you to listen to mp3 players and the convenience of a new rechargeable unit. Their minuscule size, coupled with hair-toned color options, provides true discreetness.

Call (855) 609-0818 to make an appointment. **Offer expires January 31, 2018.**

Sincerely

Chenoa James
Hearing Instrument Specialist

From: Mr. I. M.

Subject: Density

133

BACK

At prese[nt] t cards in a sensitometric computa[tion] run yields density cards corresponding to densitometer de[nsities]. If the re[quire]s involves E.N.D conversions, the de[nsity] pu[nched] cards must be run through a separate conversion program [not] [thread]. In any case, cards corre[sponding] [to] [un]touched, while the average of the [densities]

I propose to change the system so that when density card output is requested, slotted densities are punched out. In the normal case these would simply be the average densities. If the test code calls for E.N.D. conversion, it would be the E.N.D. densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971.

Hello World!

Here is my test PDF document.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From:
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Reference your Owner's Manual for help adjusting the settings below:

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings To Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device: temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

ARTIFACT ABSTRACT (FIG F)

A small brass pocket watch found inside of the top left drawer of the roll top desk within Howell's study. The pocket watch is assumed to be Howell's for the time being, though the actual owner of the pocket watch is yet to be identified. Like many of the other time-keeping devices in Howell's mansion, it appears to be stuck at 8:45, as seen here. The Director requests that we start pursuing the theory that the time of original sentant at 8:45PM: due to personal accounts from Howell himself stating the event occuring closer to the evening. Notes from Howell's diary have referenced the event taking place after a rather early dinner, and being awed by the colors of the sunset sky. Our understanding of the events at Howell's mansion are becoming more and more complete as more time passes, and we continue to find artifacts such as these. I-I...In order to ensure the safety of this artifact, I will keep the pocket watch in my own possession. We cannot risk losing such vital information, so I will keep it close to me...So nobody can lose it...Oh, that looks good... End catalogue entry.

Figure F Pocket Watch

ARTIFACT ABSTRACT (FIG G)

Originally the bottom of the middle left hand drawer of the roll top desk. This wooden panel was found broken off of its original position, with a number of signals scrawled onto the back with ink. Our research team has worked on translating the signals appropriately, and effectively replaced the ink with standard English characters for easier reading. While our research team was unable to find any original meaning behind the first message, Streeper Industries was able to make use of the wooden panel in one of the earlier iterations of their public tests of the Study. Unfortunately, the panel was also broken during these public tests as well, and has been left outside of the Study ever since. Lessons learned, patrons will instead try to break the false bottoms of drawers, even if there is a very visible lack underneath it. Mr Green was thinking about continuing research to see if any hidden messages does indeed lie within the scrambling of the letters, but has yet to be approved on the matter. End catalogue entry.

Documents Stack

Welcome to Mac OS X
Snow Leopard

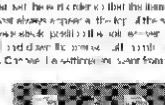
The Dock in Snow Leopard includes a Stack—a folder that you can access quickly and open to reveal the files and applications it contains in the Dock.

Stacks are a simple yet powerful way to access the contents of the Dock and the desktop. Click a Stack to open it in a fan or grid, or in the form of a list. Stacks are displayed on the right side of the Dock.

Mac OS X Mac OS X Leopard includes three Stacks in the Dock: Documents, Downloads, and Applications. You can add Stacks from the Dock menu. The Documents Stack contains the contents of the Documents folder. You can add any folder to the Dock as a Stack, for example, a project folder, a folder of music files, or a folder that contains all of your applications.

Stacks are displayed with a single click. You can open a Stack or open an item in the Stack. You can also access Stacks with the keyboard. You can also open a Stack with a right-click or Control-click.

Stacks display recently added items first, so you can see the most recent item in the Stack. You can also choose to display items in the Stack by name, date added, date modified, or kind. You can also choose to display the contents of the Stack as a fan, a grid, or a list.



To open a Stack, click the Stack in the Dock. The contents of the Stack appear in a fan, a grid, or a list. To close a Stack, click the Stack again or click anywhere outside the Stack.

Hello World!

Google Search I'm Feeling Lucky

This fax was sent from Moore Stephens Lovelace, P.A.

History 390
Final Project
Due via email by 12:00, Wednesday, May 8

This semester we've spent a fair amount of time working with various digital tools and thinking about issues (legal, ethical, technical, financial) that these tools bring to the fore. Now you are going to get to use what you've learned to create a final product.

The goal of this project is to explain a historical event, topic, or person through a portfolio of digital products (maps, charts, visualizations, text) that is clear, easy to read/follow, and compelling.

Every final project must include each of the following:

- Two or more interactive maps showing substantive geographical data or other geospatial elements related to your topic.
- Two or more graphs, charts, or other visualizations that tell a story with data about your topic. These must be charts/visualizations that *you make*, not charts/visualizations you find elsewhere and use.
- Two or more analyses of texts related to your topic using text mining tools.
- The equivalent of three double-spaced pages of text, i.e. 750+ words. This text should consist of a historical argument supported by or commenting on your digital materials and putting them into historical context, as well as a plan for the security and preservation of your project over time. This written portion of the project must be posted on your blog.

Taken together, this portfolio of materials should make a clear and compelling argument about the causes or meaning of your historical event, topic, or person. All your claims should be supported with properly attributed evidence. As you are compiling everything, think carefully about your audience (not me, some hypothetical audience out there on the web) and ask yourself if they can make sense of the argument you are making via the materials you have created? If the answer is no, think harder about what you are going to create and eventually turn in.

You should post all items on your blog and email me the link when the project is posted. However, you may not be able to post some items to your blog, either for technical reasons or because some items are governed by copyright. If that is the case, just be sure to get me your project in the form that makes this most easy by the deadline. No matter what, you must post at least the written portion of your project on your blog.

I am more than happy to look at early drafts of your work. Just don't write to me with 36 hours to go and expect that I can rescue you from a bad case of procrastination. If you want feedback, you need to give me time to examine, think about, and comment on your work.

TEST!!

Melting Pot Cheddar Cheese Fondue

Author: CopyKat Recipes
Recipe Type: Main Dish
Serves: 4

You can make this famous Cheddar Cheese Fondue at home with this restaurant recipe for the Melting Pot Cheddar Cheese Fondue

Ingredients

- 4 ounces sharp cheddar cheese
- 2 ounces Parmesan cheese
- 4 ounces of Gruyere
- 2 teaspoons chopped garlic
- 2 teaspoons Worcestershire sauce
- 2 tablespoons flour
- ¼ teaspoon dry mustard

Instructions

Preheat a wok or fondue pot on the stove top. Add the beer and milk and heat to medium heat. Add the garlic, Worcestershire sauce and mustard and stir well. Slowly add the cheeses, stirring constantly until melted. Add the flour and stir well. Cook for about 5 minutes or until thickened. Serve with bread cubes, vegetables and fruit.

The nutritional analysis is based on your CopyCat Recipes | Restaurant Recipes

TEST FAX PAGE

Skin: No rash. Dryness or other lesions on head and neck. Bilateral upper and lower extremities.

Psychologic: Normal mood, affect, orientation and memory.

Musculoskeletal

Head and neck: Normal range of motion. Neck pain to palpation and range of motion. Good motor control and strength. Tandem gait normal.

Spine/Ribs: Spine is centrally straight. Flexion, extension, and lateral bending are all full and pain-free. Spine is flexible without limitation. No palpable deformities or bony abnormalities. Strength is normal. No pain to palpation. Reflexes are symmetric and brisk.

UEs: Normal alignment. No masses present. ROM normal in shoulders, elbows and wrists. Normal laxity levels. Strength and control is appropriate for size.

LEs: Limb lengths are equal. Gait is normal. Coxae, patellae, and malleoli are normal. Joints are stable and have full ROM in all planes bilaterally.

Hips: Hips are stable with a full range of motion and extension. Strength is 5/5 bilaterally. No tenderness with range of motion. Alignment is symmetric. Strength in musculature is normal.

Knees: No effusion. Patellofemoral tracking is normal. No tenderness at patellofemoral or collateral ligaments. Stable to varus and valgus stress. ROM full. No tenderness along the joint line. No contracture.

Feet: No [redacted] deformities or abnormalities in appearance. Normal ankle and subtalar joint ranges of motion. No tenderness to palpation.

Nerves: No sensory abnormalities. Normal to light touch, pinprick, vibration, proprioception, and stereognosis. Normal motor function.

How do I modify a POP or FTP account?

Answer

1. From the control panel, go to the "Modify an existing account" option.
2. Input the username you wish to modify and click on "Modify the user."
3. The next screen will have the ability to change the following:

   - current password (if left alone, then the password will not be changed)
   - change the "Real Name" field (which is optional)
   - change the path for the user (or home directory).
   - or change the services allowed for the user (i.e. POP, FTP, or both)

4. Change what you wish, then click on "Modify the user." The changes you have made take effect immediately.

Related Links

Resellers will be specifically interested in a way to edit the path for their virtual hosts FTP access. If this is what you're looking for, Click here.

Writing Resumes and Cover Letters

At some point during an academic career the vast majority of students will have to write a cover letter and resume. As part of a class assignment or a component of your job search, resumes and cover letters need to be written concisely and formatted well in order to be effective. This type of writing utilizes action words and descriptive statements as a way of conveying your qualifications and career objectives. As complimentary pieces of writing, your resume and cover letter function together as an introduction to a potential employer so it is imperative that you allow enough time for revision.

1) PREPARE YOUR MATERIALS

As with any type of specific, personal writing, do some preparation ahead of time in order to decrease frustration during the writing process itself. Obtain copies of documents such as transcripts, resumes and the application form itself; keeping them in front of you will make your job of writing much easier. Make a list of important information, in particular: names and exact titles of former employers and supervisors, titles of jobs you have held, companies you have worked for, dates of appropriate work or volunteer experiences, the duties involved, etc. In this way you will be able to refer to these materials while writing in order to include as much specific detail as possible.

2) WRITE A FIRST DRAFT

After you have gathered the necessary materials, the next step is creating a draft of your resume or cover letter. You should begin with your resume because you will be referring to it later within your cover letter. While there are a number of ways to organize these pieces of writing, there are some general items that need to be included and some rules that should be followed (see following samples).

FORMAT

On your resume, your name should be the first thing on the page, centered at the top, with your address and phone number directly underneath. The rest of your resume should be divided into distinct sections with appropriate headings (in capital letters and either boldface or italicized) and should be lined up on the left margin. Skip lines between each entry.

The choice of headings differs from person to person, but it is a good idea to include the following in this order:

- CAREER OBJECTIVE
- EDUCATION
- WORK EXPERIENCE (can be divided into professional and volunteer experience)
- SPECIAL SKILLS (or HONORS AND ACTIVITIES)

For a recent graduate, the PROFESSIONAL EXPERIENCE section may be rather short, so you should pay close attention to using active words and detail to make the most of what you have. Remember, just listing your job history is not enough, you need to demonstrate your qualifications by describing your responsibilities in detail.

Also include information such as making the Dean's List, being scholarship chairperson for your fraternity or sorority, or volunteering for the Special Olympics, which could go under HONORS AND ACTIVITIES, while your knowledge of specific computer systems and software packages would fall under the SPECIAL SKILLS heading.

Now you are ready to move on to your cover letter. Your cover letter will, in most cases, utilize a standard business letter format, with block paragraphs lined up on the left margin. It usually does not exceed 200 words. The format for the opening

Ten things we know to be true

"The perfect search engine," says co-founder Larry Page, "would understand exactly what you mean and give back exactly what you want." When Google began, you would have been pleasantly surprised to enter a search query and immediately find the right answer. Google became successful precisely because we were better and faster at finding the right answer than other search engines at the time.

But technology has come a long way since then, and the face of the web has changed. Recognizing that search is a problem that will never be solved, we continue to push the limits of existing technology to provide a fast, accurate and easy-to-use service that anyone seeking information can access, whether they're at a desk in Boston or on a phone in Bangkok. We've also taken the lessons we've learned from search to tackle even more challenges.

As we keep looking towards the future, these core principles guide our actions.

> We first wrote these "10 things" several years ago. From time to time we revisit this list to see if it still holds true. We hope it does—and you can hold us to that. (September 2009)

1. **Focus on the user and all else will follow.**
   Since the beginning, we've focused on providing the best user experience possible. Whether we're designing a new Internet browser or a new tweak to the look of the homepage, we take great care to ensure that they will ultimately serve **you**, rather than our own internal goal or bottom line. Our homepage interface is clear and simple, and pages load instantly. Placement in search results is never sold to anyone, and advertising is not only clearly marked as such, it offers relevant content and is not distracting. And when we build new tools and applications, we believe they should work so well you don't have to consider how they might have been designed differently.

2. **It's best to do one thing really, really well.**
   We do search. With one of the world's largest research groups focused exclusively on solving search problems, we know what we do well, and how we could do it better. Through continued iteration on difficult problems, we've been able to solve complex issues and provide continuous improvements to a service that already makes finding information a fast and seamless experience for millions of people. Our dedication to improving search helps us

Please don't tell me that you are processing anything. It's illogical and doesn't make sense. Being in a new relationship, by definition, means that you have processed, healed, and grown.

Ask yourself some tough questions and be honest about them.

"Do I need to be in a relationship to feel valued?"

"Am I in a relationship out of loneliness?"

"Am I settling for someone for the sake of being with anyone?"

"Am I bringing the same baggage to another person?"

"In what ways have I grown that will make my next relationship stronger and healthier?"

If you are hurting you should be healing, not dating. Broken & hurting people lead to broken & hurting hearts. That's why it's so important to heal from one relationship before starting another.

Please understand that I'm not telling you all this so that I can be the one in your life. I say this for 2 main reasons.

1. I value you tremendously as a person and friend. I truly only want the best for you.

2. Our daughters future depends in large part in the healthiness of OUR choices and the wisdom with which we make them.

All I'm asking is that you take the time to reflect on the things I'm talking about. Do some reading on how and when it's time for a new relationship.

Above all, be honest with yourself, your motives, and your feelings.

John

In attention to testing

My name is Jason. Iâ€™m working for a web development company and I m also into freelancing projects mainly based on search engine optimization and online reputation
While I was looking for one of my client s profile online I have noticed that you could use some help managing your online presence

The online reviews have a direct and measurable impact on your practice; in fact, 97% of internet users are researching the web before making decisions. If they see anything negative – true or not (unethical competition slander or hateful) – they will go elsewhere

While there are many companies offering alerts for the negative reviews, almost none of them are actually offering a solution for the problemâ€

I can assist you in managing the negative reviews (unethical competition slander or hateful etc) maintain a positive feedback creating an active defense against any misleading reviews that will eventually come and make sure that people will notice your practice and not your competitionâ€

Reviews are simply too important to ignore especially when bad reviews(unethical competition slander or hateful inaccurate or misleading) cost you real money

Even if you are not really interested or you donâ€™t care about the online image feel free to ask for a free online presence report or more information

Kind regards
Jason Hinton– Reputation Solutions

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

PREFACE

After studying trumpet and cornet with such accomplished musicians as Louis Davidson (Cleveland Symphony), Herbert L Clark (Famous Cornetist), Oscar E. Short (Soloist-Goldman-Sousa U. S. Navy Band) and Bartlett L. Lyons (Sousa Band), this last is a veritable who's who in the brass field, we'll say—and after having witnessed many times the so-called effect of visual education I commenced thinking about the possibilities of teaching music by means of pictures. The Chinese in their own terse concise way simply say, "A picture is worth a thousand words", so perhaps that is enough said about the philosophy behind this instructional endeavor.

But even the best of pictures—I should say here that the cartoons in this book are the products of Clyde E. (Bud) Morris of Akron, Ohio whose amazing ability to transcribe my teaching ideas in picture form is the making of this entire unique presentation—even the best of pictures need explanation and explanation. Therefore I have made a list of suggestions to the reader which will enable him to benefit fully from *The Talking Trumpet*. Concerning this list by the way, a well known teacher from a well known music school said: "Ninety per cent of my time and thought on teaching trumpet is devoted to the development of these techniques." Such has been my own experience, hence the following suggestions:

1. The warm-up exercises on the book should be used every day.
2. Twenty to thirty minutes spent in objective playing from this book will help you form a most excellent and most necessary habit for professional like "trumpeteering".
3. Study pictures carefully and often. Be sure that you digest the brief clear, logical message behind each basic principle of a good sound. By study ng the pictures in this way you will be well on the way toward forming the habit of habits in producing the best of sound quality.
4. Without fail every day play etudes 1 through 12, plus 15 and 18. Then after you have succeeded in mastering these fundamentals to a superlative degree, broaden your technique by using the other suggested procedures in *The Talking Trumpet*.
5. *The Talking Trumpet* says, most emphatically "Don't forget that metronome!"

RX UPDATE

Summer 2012 • Vol. XXII Issue II

Texas Medicaid Provider Update 2
Continuing Pharmacy Education Continues 2

News and information from the Texas Medicaid/CHIP Vendor Drug Program

Medication Therapy Management (MTM) Pilot

Hundreds of Medicaid patients on multiple medications soon will be getting some special attention from their pharmacists to help them improve their health and reduce treatment costs for the state.

The Texas Health and Human Services Commission (HHSC) is working with the Texas Pharmacy Association on a yearlong pilot project involving about 200 Medicaid patients with high blood pressure who are on at least five medications. Patients in the pilot will meet with a pharmacist for a comprehensive medication review and to talk about the importance of physical activity and healthy living. The pharmacist will continue a follow-up with the patient by phone or in person over the year and also will send required reports to the patient's doctor.

Pharmacists will be paid up to $300 for the entire work with the Medicaid patient. At the end of the year the state will compare the treatment costs for patients in the pilot with those Medicaid patients not in the program and

Preferred Drug List Updated July 26, 2012

The most recent updating of the Texas Medicaid Preferred Drug List (PDL) went into effect July 26, 2012. There are changes in preferred or non-preferred status for many of the drugs listed on the PDL. The list of the changes is online at www.vendordrug.com/pdl. For the July implementation, all patients currently on the previous regimen, if necessary, should be allowed to continue that therapy.

Don't forget that the Medicaid formulary and

Laboratory Director: Vance M.S egh, M.D CLIA # 05D1075725 CLIA # CL9234843 **Electronically Signed By: Harve R. Meyer, M.D., Ph.D**

PRÉCIS Indications for Use and Limitations.
Stucies indicate PRÉCIS is useful in almost specimens if components diagnosed with gastrointestinal stromal tumor or melanoma who are being considered or angered therapy. Result should be interpreted in conjunction with other laboratory and clinical findings. Performance characteristics refer to the analytical performance of the test. Pharmacophoric or clinical utility is based on well-established methods, but may be associated with drug efficacy or patient outcome. We may be able to provide physicians with tests by choose appropriate tests and to assure the convenience of ordering a multi-test profile does not prevent physicians from making informed decisions regarding which tests are medically necessary. Each of the tests offered by bioTheranostics has profile given also may be ordered individually using the bioTheranostics Test Requisition. No test was developed and performance characteristics have been determined by bioTheranostics, nor it has not been cleared or approved by the U.S. Food and Drug Administration. This test is used for clinical purposes. It should not be regarded as investigational or for research. How the information reports guides patient care is the responsibility of the physician. bioTheranostics is certified under the Clinical Laboratory Improvement Amendments of 1988 as qualified to perform high complexity clinical laboratory testing.

COMDOC now uses the **CUSTOMER CENTER** for taking your service calls. This system offers many advantages over convential call handling systems

* **No Hold Time** - you never have to wait to hold to place an Automated Service Request!
* **Speed and Convenience** - you can place your call in about one minute - 24 hours a day, 7 days a week.
* **Accuracy** - Your Service Technician hears your description of the problem in your voice
* **Fax-Back Confirmation** - You many request a fax confirmation of your call with a confirmation number

Of course, you may speak to a live Dispatcher any time by pressing 0.

Placing a call using our Automated Dispatch System:

LOG ONTO CUSTOMER CENTER NOW TO REGISTER

Call our service number at (800) 321-4846

1. When the Automated System answers - press 1

2. Thank you for choosing

Canon

Canon U.S.A., Inc. LIMITED WARRANTY — (USA Only)

This limited warranty set forth below is given by Canon U.S.A., Inc. ("Canon USA") with respect to the new or refurbished Canon-brand product ("Product") packaged with this limited warranty statement and used in the United States only.

The Product is warranted against defects in materials and workmanship under normal use and service for one (1) year from the date its original purchase. Product returned to a Canon USA repair facility or a Canon USA Authorized Service Facility ("ASF"), and proven to be defective upon inspection will be (a) repaired using new, remanufactured, restored and/or reburbished parts (b) exchanged for a new Product or (c) exchanged for a refurbished Product, as determined by the Canon USA repair facility or the ASF. Warranty repairs or replacements shall not extend the original warranty period of the Product. A dated proof of purchase is required in all free in warranty service. A copy in your dated bill of sale will satisfy this requirement. This warranty does not cover any accessories, or any consumables, such as paper or ink cartridges, or on which there shall be no warranty or replacement.

This limited warranty shall only apply if any Product is used in conjunction with compatible computers, peripheral equipment and software. Canon USA shall have no responsibility for such brand-named but compatible Canon brand peripheral equipment covered by a separate warranty ("Separate Warranty"). Repairs of such Canon brand peripheral equipment shall be governed by the terms of the Separate Warranty. Non-Canon brand equipment and warranty that may be distributed with the Product are sold "as is" and without warranty of any kind by Canon USA, including any implied warranty regarding merchantability or fitness for a particular purpose, and all such warranties are disclaimed. The sole warranty, if any, with respect to such non-Canon brand items is given by the manufacturer or producer thereof.

This limited warranty covers all defects discovered in normal use of the Product and does not apply to the warranty void:

(a) Loss of or damage to the Product due to abuse, neglect, mishandling, improper packaging by you, alteration, accident, electrical current fluctuations, warranty use, failure to follow operating or use instructions that is, or environmental improperly performed by Canon USA's user's manual or other documentation, or services performed by someone other than a Canon USA repair facility or ASF limiting limiting the foregoing, dropping the Product, scratches, and abrasions will be presented to have resulted from misuse, abuse or failure to operate the Product as set forth in the user's manual or other documentation for the Product.

(b) Use of items, media, storage or supplies other than brand sold by Canon USA, including non-Canon ink cartridges or refilled ink cartridges, that cause damage to the Product or cause abnormally frequent service calls or service problems.

(c) If the Product has had its serial number or dating defaced, altered or removed

ANY SYSTEM SOFTWARE MANUFACTURER FACTORY stamped ON THE PRODUCT OR CONTAINED ON OR IN THE SOFTWARE MEDIUM INCLUDED WITH, OR ACCOMPANYING, THE PRODUCT, AND ANY UTILITY SOFTWARE, DISTRIBUTED WITH OR FOR THE PRODUCT, IS SOLD "AS IS" AND WITHOUT WARRANTY BY CANON USA. THE SOLE WARRANTY WITH RESPECT TO SUCH SOFTWARE IS PROVIDED IN THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT DISTRIBUTED THEREWITH, INCLUDING ANY LIMITATIONS CONTAINED IN THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT. IF YOU HAVE NOT RECEIVED A COPY OF THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT, PLEASE CONTACT CANON USA IMMEDIATELY TO HAVE ONE DELIVERED. TO OBTAIN A COPY OF THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT

ANY IMPLIED WARRANTY, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, APPLIED TO THE PRODUCT AFTER THE APPLICABLE PERIOD OF THE EXPRESS LIMITED WARRANTY SETTED ABOVE, AND NO OTHER EXPRESS WARRANTY OR GUARANTY EXCEPT AS MENTIONED ABOVE, GIVEN BY ANY PERSON OR ENTITY WITH RESPECT TO THE PRODUCT SHALL BIND CANON USA, OR ITS ASF. IAK

Hello
This is a test fax message
Please disregard!

TEST
4-1-15

Price is subject if not accepted within 30 days It is understood and agreed that the work is to be performed during the regular working days and hours of the elevator trade unless other arrangements are agreed upon, and we are to have the uninterrupted use of the elevator(s) while our work is being performed. This work will be done in a competent and professional manner in the strict accordance with the elevator code

You hereby agree to pay Advanced Elevator Service, Inc. reasonable attorney fees and all costs in the event that it becomes necessary to enforce any of the terms and conditions of this contract or defend any claim.

I hereby authorize Advanced Elevator Service, Inc. to perform the work agreed upon in this contract on our elevators located at _____

ACCEPTANCE

Accepted	Respectfully submitted Advanced Elevator Service, Inc.
By Frank M Clifton	By _____
Title President	Title President
Date Dec 8, 2008	Date 12-4-08

* ATTENTION JIM BROWN

9 In the case of legal proceedings, it is possible that the nature of the complaint and your name/address may be requested by the Court or developer's solicitors.

10 You may be required to appear in Court to give evidence in support of any enforcement proceedings which may arise.

11 The Planning Authority does not investigate matters of a civil matter, such as those relating to private rights of way, trespass, private nuisance etc

12 Before making a representation, you should ensure that the matter is one within the scope of planning control Certain matters such as complaints relating to roads, water, drainage, council housing, dangerous structures, environment may be within the remit of other Council departments and should be referred to those departments

13 Please note, for your information that under the provision of Section 160 of the Planning and Development Act 2000 that <u>any</u> person may apply to the Circuit Court/High Court for an injunction where an unauthorised development has been, is being or is likely to be carried out or continued

Important notice!

You are eligible for a
FiOS bundle upgrade
Your upgrade is not automatic

[illegible]
[redacted]
[illegible] VA [illegible]

For service at: 1919 Willis Rd, Richmond VA

Dear William Spivey

You are a Verizon FiOS Internet subscriber in good standing.

This notice is to inform you that you are eligible to upgrade to our 100% fiber-optic TV service and complimentary "FiOS" package and great offers.

We've has invested more than $23 billion building the FiOS nationwide delivering amazing TV picture and sound that's superior to satellite and cable.

You must contact us to request this upgrade which will include:

- FiOS TV Price HD. Enjoy over 185 all-digital channels, including more than 50 brilliant HDs HD
- FiOS Internet. Blazing-fast speeds - up to 15/5 Mbps - so you all can share & surf like never before.
- Verizon Wi-Fi. For internet access at thousands of hotspots nationwide.

Upgrade now and you will receive a special guaranteed low rate plan offered to current FiOS customers in good standing. Sign up today and you'll get FiOS TV and Internet for a great low price — just $79.99 a month for a year, plus taxes and fees. There's no annual contract required, which makes upgrading to FiOS TV an even easier decision.

Simply go online to our site at verizon.com/bestfit. It's convenient and fast. And if you need assistance you can chat live with a knowledgeable FiOS representative.

Hurry. The clock is ticking on this complete FiOS bundle upgrade.

Please do not ignore this notification. Go online to add FiOS TV today.

It's easy to order online.
Click verizon.com/bestfit to get our best price.
Or call 1.866.232.3275 (Mon–Sat 8am–12am ET) to learn about other offers.

Fax Settings

Reference your Owner's Manual for help adjusting the settings below.

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

GNU xorriso

ISO 9660 Rock Ridge Filesystem Manipulator for GNU/Linux and FreeBSD

Purpose:

xorriso copies file objects from POSIX compliant filesystems into Rock Ridge enhanced ISO 9660 filesystems and allows session-wise manipulation of such filesystems. It can load the management information of existing ISO images and it writes the session results to optical media or to filesystem objects.
Vice versa xorriso is able to copy file objects out of ISO 9660 filesystems.

Direct hop to download links ->

Hardware requirements:

About any CD, DVD, or BD recorder produced in the recent ten years.
libburn supports recorders which are compliant to standards MMC 1 for CD and MMC 5 for DVD or BD.
GNU/Linux and FreeBSD allow to access drives connected via SCSI, PATA (aka IDE, ATA), USB, or SATA.
xorriso also operates on ISO images in data files or block devices. Images or add-on sessions may be written to about any kind of file object.

Software requirements :

GNU/Linux with kernel 2.4 or higher, libc, libpthread:
- With kernel 2.4 a PATA/IDE drive has to be under ide-scsi emulation.
- With kernel 2.6 ide-scsi is not needed.

or FreeBSD, libc, libpthread:
- PATA/IDE drives need atapicam running.
- SATA drives need atapicam or ahci running.
- libcam has to be installed.
- libiconv has to be installed.

or some other X/Open system: libc, libpthread:
- There will be no direct operation of optical drives, but only POSIX I/O with objects of the local filesystem.
- Might work with DVD-RAM, DVD+RW, BD-RE but rather not with CD, DVD-R, DVD+R, BD-R.

Optional supporting software:

This is a Test Page

Screens do not affect Magnification or Distortion.

Film

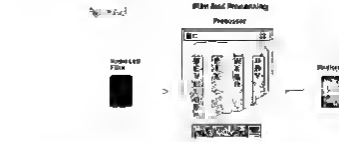
Density depends on the speed of the film. Fast films have lower resolution than slow films, but require less exposure.

Film does not affect Magnification or Distortion unless it is not positioned in the correct plane.

Processing

Processing includes the steps for developing the film, namely Developer and Fixer Solutions.

Film Processing



Motion

Motion can be subject blur due to: Patient movement, Internal organ movement, Movement of the X-ray tube, Vibration in the equipment, Motion of the film during exposure (e.g. in a cassette), Movement of the screen during exposure (e.g. in a cassette)

Motion does not affect Magnification or Distortion.

Subject

The X-ray beam must be directed to the area of the anatomy of interest, and positioned to obtain the best radiographic technique. Special attention must be taken to reduce distortion and magnification, especially with respect to the thickness of the part being

Fax Test Report

[illegible]

The fax detects an active telephone line Fail

An active phone line was not detected

Make sure the items below are then rerun this test

HP recommends using the telephone cord that came with the product

Verify that the fax cord is securely connected between the telephone jack and the product (or another device that is connected to the product)

Disconnect the product from the jack on the wall, and then connect a telephone to the jack. Try to make a voice call to verify that the telephone line is working

Connect the product to a different phone line

Try a different phone cord

Remove any phone line splitters that are in use

Ensure that a filter is installed if using DSL

Instructions on how to rerun this test
Step 1. Press the [Setup] button
Step 2. Select "Services"
Step 3. Select "Fax Service"
Step 4. Select "Run Fax Test"

"NoDriveTypeAutoRun"=dword:00000091
"NoSaveSettings"=dword:00000000

Hmm... Did you have the camera plugged in when you ran the "Microsoft Autoplay Repair Wizard"?
http://www.microsoft.com/downloads/details.aspx?FamilyID=c680a7b6-e8fa-48c4-a171-1b389cfac6ad&DisplayLang=en

Possible Solution 1: Do you have the Real Player installed on the machine in question?
If so: Disable the Real Player update scheduler in Msconfig and kill the running process

Possible Solution 2: Make sure that the Windows Image Acquisition (WIA) service is not disabled
Start | Run | Type: services.msc | Click OK |
Scroll down to and double click Windows Image Acquisition (WIA) |
Set it to Manual under Startup type | Click Apply | Click OK |
Close services

If none of this works I am afraid I am not of ideas:(

Good luck

Donald Rundell

AdChoices

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888.877.1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From:
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Before you begin, refer to your Owner's Manual for instructions on changing the settings below.

ECM (error correction mode)	On
Baud Rate	9600
Error Burst	On (this is below 4 packet loss)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Backup Fax	Yes (if Yes)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help alleviate common faxing problems.

- Switch off the machine and unplug power adapter from device and from wall outlet.
  - Let the machine remain off for 30 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect fax machine directly to the Vonage device, bypassing any home wiring.
- If using an ATA-type device, temporarily disconnect router from PC.

Further Assistance

If you have further questions using your Vonage Fax Service, we are always available to help.

Call us at 1 (VONAGE-HELP) 1-800-244-4357 or visit www.vonage.com

Top 10 things we learned today:

1. Trump was never under investigation.
2. Trump did not obstruct justice
3. Trump did not collude with Russia.
4. Russia did not alter the election outcome.
5. Comey leaked his own memo.
6. Loretta Lynch pressured Comey to cover for Hillary Clinton.
7. There was ample evidence to put Hillary in jail but Comey chose not to pursue it.
8. CNN and other fake news outlets have been lying / making things up this entire time.
9. The Democratic Party no longer has the ability to scream "RUSSIA" every time Trump tries to do something.
10. The Russia story is dead - any democrat who continue to push it will look foolish and insane to the American people.

questions for me? I will be happy to answer all your questions.
You(19:02:48): 10 bux a month for 4g speeds?
Falco(19:04:08): I'm sorry, since we are from online sales residential (TV, Internet and Home phone) department, I don't have much information about the plans, once you visit Verizon Wireless Store, you can select plan and offer which suits your needs
You(19:04:00): ok thanks for your help tonight , you have been of great assitance and notifying me about your promotions. thanks you have a great evening!
Falco(19:05:19): Thank you for choosing Verizon, we appreciate your business. If you have any additional questions, please do not hesitate to contact us again.

I am glad I was able to help today. Please take a moment to let my supervisor know how I did by filling out the survey at the end of this chat. The survey will appear once you click "end"
Falco(19:05:38): You are Welcome, have a Great Weekend ahead
You(19:06:07): end
You(19:06:07): thanks
Falco(19:07:39): Thank you for using our chat services today and placing your order on line.

You can get updates on the progress of your order and prepare for installation at

www.myverizon.com/whatsnext
Your session is now closed
Welcome to Verizon Live Chat

To

Too Many Cats: A Call for Compassion

by [redacted]

From my files.

"I am the Board of Health officer sent into the house you discovered 59 cats and three dogs living in squalor with several birth brothers and sisters. Even some of the cats were the worse for wear—skin wounds, ear mites and dirty. But their owners insisted that they loved their animals and that they did a good job caring for them.

When I came upon 59 enumerated, I did agree with the owner that she had quite a few. She indeed prepared a small room for the smallest cats in the back, safe in the cabinet where the food usually sat. As I was moving first rapidly to count them. She was very keen to keep a special cat I had noticed of hair and the mischief of three months old that I love talking to him. I was so fond of him as attention to her. When she complained, I said, "If you are to separate me from my cat will have to leave." After two months of video measurements, he got him in charge, satisfied as allowance.

A 48 year-old woman with a disadvantaged home owner "Heaven knows of them I'll bring in her home. I I'm the Mistress Theresa for cats." she replied when she had to resign. She went on of experts that over two years she had been paid such of the to "with because I was sick, injured, or a stray." she was overcrowded but now she, I only provide the, can then "really!

The neighbors of an elderly woman complained of a horrible smell coming from her third floor apartment. When I visited with the fire department, I found hundreds of cats. The fire department had to use a ladder to get into her apartment, as the stairway was boxed, their escape had trapped the cats in the first place. I discovered as a story later that. She, I did tell that the animals were like children to her and that there was the only things that kept her mentally healthy and people who cared. She died from a heart attack.

It's remarkable how many people have heard stories like this. I myself have, as the psychiatrist that I am about the phenomenon of "cat-as-a-consuming pets. But I've found that when I talk about it enough the [illegible] know some one who knows someone who lived in so many animals that they weren't able to care for them. Usually they, all agree, are cats or dogs, or the combination of both. Rarely are they rodents or guinea pigs, and the least evident instead of the most is birds or even fish. This is now [illegible] that many, if not most of the people who create a [illegible] that is over-run by animals are mentally ill.

Our communities need to be mindful of these cases and handled. Often a friend of health will [illegible] in the house, evaluate all [illegible] and perhaps take one concerted effort [illegible] of group my animal counts in animals. The owner is then left to cope with the loss of the animals. The loss of his or her home and the loss of the animal companions. There's ownership with these animals that has kept her or him marginally functional. The experience is devastating. Some of it results in anxiety-causing and an increase in the symptoms of mental illness.

When a Lot of Animals is NOT a Problem

There certainly are people who live in the lives surrounded by animals and who don't have problems with it. Farm families for example, often have dozens of barn cats to keep the rodent population in control. These animals aren't pets—and the families don't care if they spay, neuter or develop special relationships with them. They are simply a part of farm life.

Other people are truly cat or dog lovers and have many pets. These people take good care of the

FAT TEST #2

Edwards

Dear [redacted]

I wanted to share with you that we have made a decision regarding the role of Director of Edwards Investment Research. After careful consideration, we have decided to move forward with [redacted] for the position.

- [redacted] possesses a unique blend of technical expertise and leadership skills that we believe will be instrumental in driving the team's success.
- [redacted] has demonstrated a deep understanding of the investment landscape and a proven ability to navigate complex challenges.

We wish [redacted] all the best in his new role and look forward to seeing the positive impact he will have on our team and the firm as a whole.

I want to thank you for your interest in the position and for the time you invested in the interview process. We appreciate your willingness to share your insights and perspectives with us.

Sincerely,

[redacted]

Diagnostic Data						
Assay Results				Reference Range		
Assay Name	Intensity Score	Percent	Result	Favorable Negative / Low	Borderline Intermediate	Unfavorable Positive / High
Her-2 Assay	N/A		N/A			
Estrogen Receptor	N/A		N/A	>= 1% (Favorable)		< 1% (Unfavorable)

Assay Description and Limitations

Assay Description: [text illegible] is immunohistochemical assay for detection of HER2 protein overexpression in the above breast infiltrating carcinoma tissue specimen. Assay is performed on formalin-fixed, paraffin-embedded tissue sections using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Estrogen Receptor (ER): Immunohistochemical staining was performed on the above specimen using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Progesterone Receptor: [illegible] monoclonal antibody was used for the qualitative immunohistochemical staining of formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Ki-67: [illegible] was used for qualitative and/or semi-quantitative immunohistochemical staining of Ki-67 antigen expression in formalin-fixed, paraffin-embedded tissue by automated immunostainer. Staining using the manufacturer's instructions.

p53: [illegible] monoclonal antibody was used for the qualitative and/or semi-quantitative immunohistochemical staining of human p53 protein in formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

201312161610

The Tamron SP designation is reserved for lenses developed with special emphasis on e xtraordinary photographic performance. Engineers are free to innovate in an uncommon atmosphere where optical performance comes before price, resulting in lenses that sat isfy the demands of discerning photographers. Play with light as you explore the sub tle aspects of beauty. An all-new, high-speed standard zoom lens with image stabilize tion. Photographic artists have been waiting for a full-featured, constant-aperture zoom lens. The wait is over. The A007 is a high-quality, highly functional, high-spee d standard zoom
lens covering the 24-70mm focal range*1. It includes both Tamron's proprietary VC (Vi bration Compensation) image stabilization to reduce shake and its USD (Ultrasonic Silent Drive) motor, enabling speedy, silent autofocusing. This SP (Super Performance) series lens makes full use of specialized glass elements in its lens layout, design ed with top priority on image quality, including three LD elements and two XR (Extra Refractive Index) glasses. Tamron has minimized all types of chromatic aberration in the A007, making it a lens at the top of its class whether you use it on a digital AP S-C full-frame or
35mm SLR camera. The A007's F/2.8 aperture enables a balance between brilliant resolu tion and beautiful soft blur effects. This ideal lens makes full use of Tamron's roun ded diaphragm*2 and the uncontrived, artistic blur that it provides. It is also Tamro n's first lens to feature our new moisture-resistant construction. Portraits, Landsca pes, Studio shoots. This is the lens for them all. Capture the finest details of your images in precisely the way you have always wanted to. Extend your art to the limits of your inspiration with the A007.

March 23, 2013 By David Lory VanDerBeek 32 Comments The ninth issue on my platform now states: Replace and Phase Out All Taxation. Nevada will operate under the fiduciary trust management principle. There are simply one too many sources for government. Governments have investment and enterprise income that now surpasses their tax revenues. Governments therefore are fully capable of being self-sustaining without taxation. Mining, gaming, and all businesses will no longer face the constant harassment by legislators in their pockets. Comprehensive Annual Financial Reports (CAFR) use our local governments' statements of net worth built up over these years. Governments use CAFRs to list their assets as "advanced liability funds" to shape the public into believing these investments should be maximized for a good purpose, but which actually serve as power-based holding funds for the government. In turn, the governments do not claim that they are always operating at budget "shortfalls" in their operating funds as they claim they must raise your taxes. This is a government conspiracy of silence. As Governor, I will assist governments in liberating the potential of this wealth. This plan eliminates predatory relationship between the government against the people and business, because everyone is happy making money. In fact, the people and businesses will annually cheer each government. Truthfully, as Jesus said when asked a tax question, "The children are free." Walter Burien makes the concise argument on his website: What is Taxation? ANSWER: A revenue Source. 2. What is Investment? ANSWER: A revenue Source. 3. What do Enterprise operations do? ANSWER: Generate a revenue Source. The Big question remains: Why are we funding all taxation? ANSWER: Use #2 & #3 to knock out #1

CancerTYPE ID

Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC

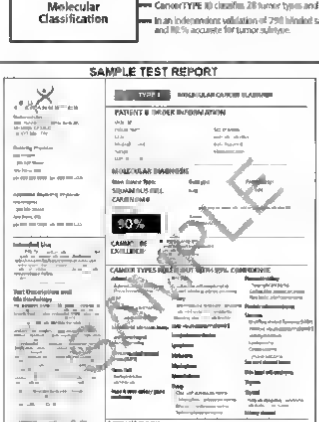
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence
- the CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS
The tumor type with the highest probability is reported as the molecular diagnosis. In this example, the patient's tumor has 90% probability of matching squamous cell carcinoma (non-lung subtype) within the CancerTYPE ID reference database. If the highest probability is <70% the tumor is reported as indeterminate. In this case, the test report will still indicate tumor types that can be ruled out and those that cannot be excluded.

CAN NOT ID EXCLUDED
When applicable, tumor types from the CancerTYPE ID reference database that show some gene expression profile similarity to the patient's sample such that they cannot be excluded from diagnostic consideration will be listed here in relative rank order

RULE OUTS
The CancerTYPE ID test report also lists tumor types that can all be ruled-out with 95% confidence. In an independent validation of 2998 blinded reported Rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more cannot may be indicated in the test note.

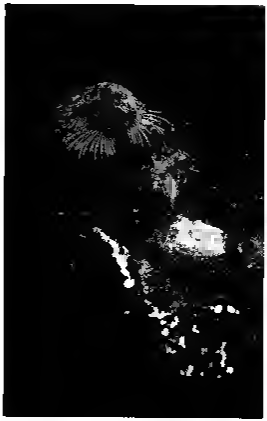
Merry Christmas



From:
CALIFORNIA

By signing on the reverse side, each account owner authorizes the Bank to (a) open the account and service listed on the reverse side in the name(s) listed on this application for the account and service; (b) transfer funds to the checking account from the designated funding account listed on the reverse side from time to time for the purpose of providing the account owner(s) with Overdraft Protection as described in the Bank's Deposit Agreement. If authorization is given to the Bank to transfer funds to the checking account from a Regions credit product for the purpose of providing Overdraft Protection, each account owner acknowledges and agrees that any funds so transferred shall be deemed to be: (1) cash advances if they are transferred from a Regions MasterCard® or VISA® and shall be treated as cash advances under the agreement governing such account, and (2) advances if they are transferred from a Regions Equity Line of Credit or Regions Preferred Line of Credit, or Regions Credit Line and shall be treated as advances under the agreement governing such account.

Each person signing on the reverse side: (i) is an owner or has been designated as an authorized signatory on the account by an owner of the account and is authorized to sign checks or other withdrawal orders on the account listed on the reverse and (ii) agrees to be bound by the Bank's Deposit Agreement and pricing schedule for the account indicated on the reverse side as now in force and as amended from time to time hereafter.

If the account is a joint account or a sole owned account with a designated authorized signatory withdrawals of funds on deposit may be made in whole or in part upon the order of either or any of the parties authorized on the reverse side to sign withdrawal orders on the account subject to the Deposit Agreement.

The Bank shall not be obligated to pay, but in its discretion may pay, any check which causes an account to be overdrawn. All joint owners on a joint account which becomes overdrawn shall be jointly and severally liable for and guarantee payment to the Bank of the full amount of any overdraft regardless of whether such joint owner(s) knew about or participated in the transaction creating the overdraft or received funds or otherwise derived a benefit as a result of the overdraft.

If the action noted on the reverse side is an account conversion, the conversion is effective on (1) business day after the business day the signed card is received by the Bank. If the conversion card is received by the Bank after 2:00 p.m. it shall be considered as having been received on the next business day. For purposes of this provision, Saturday is not a business day. If the action noted involves conversion to or from a marketed account, the conversion shall be effective on the first day of the next statement cycle.

TRUST/PAYABLE ON DEATH ACCOUNTS (STATE OF ALABAMA ONLY): The party(ies) establishing this account reserves the right to revoke the trust account and retains the right to delete, change or add beneficiary(ies) as to this type of account.

CUSTOMER IDENTIFICATION PROGRAM
IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING AN ACCOUNT

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account.

What this means to you: When you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.

PAPER

Synthesis and application of surface enhanced Raman scattering (SERS) tags of Ag@SiO$_2$ core/shell nanoparticles in protein detection†

Xinming Kong,[a] Qian Yu,[ab] Xianfeng Zhang,[a] Xuezhong Du,*[a] Hong Gong*[ab] and Heng Jiang[b]

Received 6th December 2011, Accepted 9th February 2012
DOI: 10.1039/c2jm16397g

A simple method has been developed to prepare silica-encapsulated Ag (Ag@SiO$_2$) Raman tags, embedded with the reporter molecules 4-mercaptobenzoic acid (MBA) using environmental friendly solvents (mixed solvents of ethanol and water) without viscophilic surfactant. The Ag@SiO$_2$ Raman tags exhibited excellent stability resistance to high-concentration salts and long term storage. Sensitivity of the Ag@SiO$_2$/SERS tags could be enhanced by increasing MBA coverage and reducing the silica shell thickness and the Ag@SiO$_2$ SERS tags had versatility for bioassays. Myoglobin (Mb)-conjugated Ag@SiO$_2$ Raman tags specifically bound to anti-myoglobin and (IDA)-functionalized wafers through the coordination interactions of IDA–Cu^{2+}–histidine residues available on the Mb surfaces for SERS detection. Mb could be directly detected by means of the formation of the Mb-sandwiched structures *via* Cu^{2+} coordination between the IDA-functionalized wafers and IDA modified Ag@SiO$_2$–Au composite nanoparticles, where Au nanoparticles were adsorbed onto antisera Ag@SiO$_2$ Raman tags followed by modifying with IDA. It is clear that the prepared Ag@SiO$_2$ Raman tags can be applied for assays of other proteins or biomolecules if corresponding specific ligands are used and have potential application in immunoassays.

Introduction

Surface-enhanced Raman scattering (SERS) spectroscopy is a highly sensitive and selective tool for the identification of biological or chemical analytes primarily based on the SERS effect of nanostructured metal surfaces which relies on the intensified electric fields on metallic nanostructures when their localized surface plasmon resonance (LSPR) is excited by light.[1] Fleischmann first discovered the phenomenon of enhanced Raman signals from adsorbed pyridine on roughened Ag surfaces in 1974.[2] Au and Ag nanoparticles are commonly used SERS-active substrates. Nie and co-workers[3] first achieved single-molecule rhodamine 6G (R6G) SERS detection owing to the formation of 'hot spots' between Ag nanoparticles with the enhancement factor (EF) as large as 10^{14}. Although aggregates of coinage metal nanoparticles may give rise to the generation of 'hot spots' for large EF, a great amount of aggregates can lead to precipitation, especially under physiological conditions or in the presence of high-concentration salts. Ag nanoparticles are known to exhibit stronger enhancement effect than Au nanoparticles at the visible region, however the coinage metal nanoparticles, particularly for Ag nanoparticles, are unstable under the ambient conditions, oxidation in the air and aggregation in solutions containing salts.[4] To overcome these drawbacks, Au and Ag nanoparticles are usually coated with shells to form the core/shell nanostructures.[5–7] The shells not only protect Au and Ag nanoparticles from aggregation for enhanced stability but also allow for a wide diversity of surface functionalization. A pioneering work on silica coating was reported by Liz Marzán *et al.*,[8] together with the mechanism of the coating process. Natan,[9] Nie and other groups[10–12] prepared silica-coated nanoparticles embedded with Raman reporters named as SERS tags.

Tian and co-workers[13] recently explored an innovative approach, shell-isolated nanoparticle-enhanced Raman spectroscopy (SHINERS) based on Au nanoparticles coated with an ultrathin layer of silica to attenuate the shelf free of Raman reporters.[14] Mulvaney[15] and Doering[16] used Ag@SiO$_2$ and Au@SiO$_2$ nanoparticles to fabricate SERS tags, in which silane coupling agents were required to make nanoparticle surfaces viscophilic (affinity for silica). Gong *et al.*[17] used hydrazine hydrate to synthesize successfully the *in situ*-coated SERS tags by means of reverse micelles which eliminated viscophilic pretreatment before silica coating. Rusch and co-workers[18] used the sol–gel method to prepare SERS tags with Ag nanoparticles of small sizes for use in biomagnetic. The Ag nanoparticles of

Carmakers Need a Makeover

By Tom Price

Con Bailouts are rapidly becoming a dangerous Washington substitute for economic planning. The current constraint, on industry spring, for your hard-earned tax dollars to the ailing Detroit automakers.

Auto executives and labor bosses make Detroit seem an innocent victim of tough economic times. Entertaining but untrue, however, requires one to ignore headlines over the past decade describing a shrinking market share and uncompetitive cost structures.

I grew up in Dearborn, Mich., when Detroit was Boomtown. Our automotive was the pride of the state. But sometimes pride cannot change the fact that Detroit has been hoarding down this and for decades, ignoring calls for transformation to meet changing consumer and consumer demands. While 21st-century businesses require a degree of dexterity to operate with maturing tough economies, the American auto industry is very much the brontosaurus of the global marketplace. The more essence of the automakers and their union allies in Washington today is a blatant admission that they are inflexible and incapable of responding to dynamic realities affecting all industries—not just the Big Three in Detroit. Even in better economic times, automakers have shown they cannot be saved on themselves. While the economy enjoyed steady growth from 2003 to 07 General Motors lost more than $4 billion. Rather than re-evaluating its operations, Detroit automakers and organized labor are looking for a bridge loan of $34 billion from taxpayers to survive until economic conditions improve. Yet if we simply open up the federal treasury, we shouldn't believe the view from across the bridge will look any different than from here.

A bailout would be an expensive endorsement of Detroit's failed business model. While the federal government

A bailout would be an expensive endorsement of a failed business model

Tom Price represents Georgia's Sixth Congressional District and chairs the House Republican Study Committee.

should not tell private companies how to operate, nothing should it enable—with taxpayer dollars—those with dreadful operations.

Stare tactics. To frighten up the money management and labor came to Washington with tales of mass devastation. It was either bailout or bust. But there is a middle ground. The option that they are not loath to discuss is Chapter 11 reorganization, granting a company the opportunity to fundamentally restructure its operations, protected from creditors and debt obligations. Representing the Atlanta area at Congress, I know intimately the impact Chapter 11 can have on a company and a community, as locally based carrier Delta Air Lines entered this reorganization in September of 2005. To be sure, every business and industry is unique. But Delta reemerged a stronger company and announced a $1.6 billion profit for 2007.

Since Chapter 11 reorganization forces a rejection of the status quo, bailout proponents predictably proclaim it is not a workable option. They insist that the size and scope of a Detroit failure would result in finding bankruptcy or "debtor-in-possession" financing difficult. Should that become true, though, and the government is then forced to provide aid, we are at least guaranteed long overdue change for Detroit.

More distressingly than ensuring taxpayer dollars suggest that no consumer would again purchase a Detroit automobile if they were forced to reorganize. This fallacy illustrates a disturbing lack of faith in the American people. Consumers will not abandon U.S. automakers so long as they provide a quality product at a competitive price, which reorganization will allow them to do.

A quality reorganization to become profitable again is admittedly not a painless process—Delta lost 6,000 jobs. But the opportunity for a pain-free resolution went out the door years ago.

Bankruptcy exists for a reason and can make a business better. The problem is that so many involved fear what "better" may mean. It may mean new labor contracts that do not put American cars at a significant cost disadvantage to foreign competition. It may mean a business model focused on long-term viability and innovation. It may even mean responsible management that looks inside before extending an open hand to the taxpayers.

Better is what we should all expect.

What do you think? Should the U.S. government bail out the automobile manufacturers? Or would that only make things worse? Give us your views at www.usnews.com/usnewsblog. Or mail them to usnpoint@usnews.com or to Viewpoint, *U.S.News & World Report*, 1050 Thomas Jefferson Street NW Washington, DC 20007. Selected responses will be posted online.

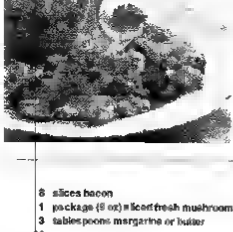
Slow Cooker Make-Ahead Scrambled Eggs



Hot and tasty eggs for 12 are possible, when the slow cooker holds them until you're ready to serve

Prep Time	Total Time	Makes
40 Minutes	40 Minutes	12 (3/4-cup)

8 slices bacon
1 package (8 oz) sliced fresh mushrooms (3 cups)
3 tablespoons margarine or butter
16
1 cup half-and-half or milk
1/2 teaspoon salt
1/4 teaspoon pepper
1 (10 3/4 oz) condensed cream of mushroom soup
2 tablespoons chopped fresh chives
4 Italian plum tomatoes, quartered, sliced
2 cups shredded Cheddar cheese (8 oz)

1. In 12-inch nonstick skillet, cook bacon until crisp. Drain on paper towels. Crumble bacon; set aside. Reserve 1 tablespoon bacon drippings in skillet. Add mushrooms to drippings; cook 4 to 5 minutes or until tender, stirring frequently. Remove from skillet; set aside. Wipe skillet clean with paper towel.
2. Melt margarine in same skillet over medium heat. Beat eggs in large bowl. Add half-and-half, salt and pepper; blend well. Add egg mixture to skillet; cook over medium heat until firm but still moist, stirring occasionally. Stir in soup and chives.
3. Place half of egg mixture in 3 1/2- or 4-quart slow cooker. Top with half each of the cooked mushrooms, tomatoes, cheese and crumbled bacon. Repeat layers.
4. Serve immediately, or cover and keep warm on low setting for up to 4 hours.

Makes 12 (3/4-cup) servings

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

are presently not under near-term
threat, the Constitution is no longer
interpreted by courts to give people of faith, as well as the
schools and service ministries we form, the protection we need
in order to fully live out the implications of our most cherished
beliefs. Meanwhile state courts, legislatures, and city councils
around the country have moved to further narrow the protection granted for religious liberty, as their citizens must choose between adherence to religious faith and full participation in the public square.

The threats to religious freedom that are now upon us can be likened to the frog put into a pan of water placed on the stove. The water warms gradually and the frog does not realize its peril until it is too late to jump out of the pan.

Many evangelical and Pentecostal believers and leaders have not been previously alarmed at how the "pan" has been gradually heated in the assault against religious liberty. For example, in our own Fellowship I and district offices contacted nearly two thousand credentialed ministers to support a religious freedom bill just a month ago that was before a committee in the Missouri House of Representatives. Less than 25 percent of them even bothered to respond. The bill failed in committee and significant religious liberty protections were lost. We are like the a rust described by Jesus in the parable of the weeds and the wheat: "But while everyone was sleeping, his enemy came and sowed weeds among the wheat" (Matthew 13:25). We have largely been sleeping. Have we awakened too late?

I trust not.

Mike Berin, stated: "This means that
subsidy-based aspects of religious colleges and universities, which include prayer in classes, chapel services, spiritual formation activities and faith-infused curriculum, as well as requiring a statement of faith for admission and requiring ministry-based service experiences would be at risk if Senate Bill 1181 is passed as is." The bill is an ideological and all-out assault on our religious distinctives.

As I write the bill is up for consideration by a House committee. The fact that it passed the state Senate and is under consideration by the state House should ring a ten-alarm bell. If the attempt to gut religious liberty for colleges and universities is successful in California, you can be sure other governances will fall in California and across the country.

The secularists in our society seek to redefine the First Amendment protection of the "free exercise" of religion as a mere right of worship. In other words, they view it, "If you are going to be bigoted in your pro-life views or your view that marriage is between a man and a woman and that fornication (both heterosexual and homosexual) is morally wrong—then you must confine your views with in the four walls of your sanctuary. But don't bring your bigotry into the public square." A society that adopts such a view may be setting the stage for a future day when even a defense of biblical teaching on human sexuality from the pulpit will bring with it the risk of punishment by the government such as the loss of our long-held tax-exempt status without which many ministries would not survive.

At a recent meeting I attended in Washington, D.C. that

1. In your Internet browser, go to **http://mychart.mountsinai.org**.
2. Click on the **Activate Your Account** link in the Sign In box. **You will see the New Member Sign Up page.**
3. Enter your MyChart Access Code exactly as it appears below. You will not need to use this code after you've completed the sign-up process. If you do not sign up before the expiration date, you must request a new code at your doctor's office.
   MyChart Access Code: F2BV3-J3NCR-NMKCF
   Expires: 10/18/2016 1:06 AM
4. Enter your Zip Code (xxxxx) and Date of Birth (mm/dd/yyyy) as indicated and click **Submit. You will be taken to the next sign-up page.**
5. Create a MyChart Username. This will be your MyChart login ID and cannot be changed, so think of one that is secure and easy to remember.
6. Create a MyChart password. You can change your password at any time.
7. Enter your Password Reset Question and Answer. This can be used at a later time if you forget your password. Once this is complete, click Next.
8. Enter your e-mail address. You will receive e-mail notification when new information is available in MyChart. Once completed, Click Next.
9. Read Terms and Conditions and check off box accepting what is stated. Then click accept button to complete the sign up process.

You can now view your medical record.

Additional Information

You will not need this letter after you've completed the sign up process. If you do not sign up before the expiration date, you must request a new code from the Medical Records department.

Remember, MyMountSinaiChart is **NOT** to be used for urgent needs. If you are experiencing an urgent medical problem, dial **911**.

If you need assistance, please call our MyChart help-line at **(855) 343-3470** or send an email to **MyChartSupport@mountsinai.org**.

"On the strength of its useful how-to articles alone, Molly's blog is worth any web or graphic designer's time. The author knows his subject, approaches it in fresh ways, and writes in an engagingly natural voice."

– Jeffrey Zeldman

Form **W-9**
(Rev. September 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requestor. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return) Court Supply Services

Business name, if different from above

Check appropriate box: ☐ Individual/Sole proprietor ☐ Corporation ☐ Partnership
☑ Limited liability company Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ ☐ Exempt payee
☐ Other (see instructions) ▶

Address (number, street, and apt. or suite no.) 10645 N. Tatum Blvd. #200-184

Requester's name and address (optional)

City, state, and ZIP code Phoenix, AZ 85028

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Social security number

or

Employer identification number 51 0416145

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you have to provide your correct TIN. See the instructions on page 4.

Sign Here — Signature of U.S. person ▶ — Date ▶ 10-4-10

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requestor) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requestor gives you a form other than Form W-9 to request your TIN, you must use the requestor's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

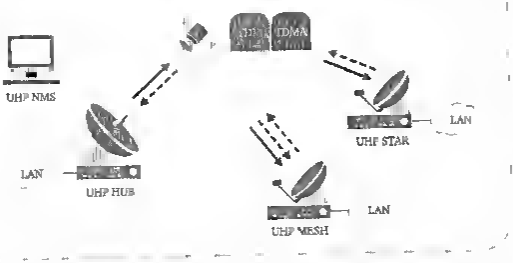
From Cora Barnes



UHP TDM/TDMA Network consists of one Hub and the associated remote terminals. Hub transmits one outbound TDM carrier towards all the remote terminals and receives one or more inbound carriers shared between the remotes as a return channel with Time Division Multiple Access (TDMA). One TDM/TDMA network may have one or up to 254 standalone return TDMA channels, depending on the link budgets and one the required network bandwidth. Each standalone TDMA channel may have its unique bandwidth, modulation and coding settings that allow achieving maximum efficiency for different remote terminals depending on a satellite footprint and sizing of the equipment.

Also UHP TDM/TDMA network may have one Multi-Frequency TDMA channel comprising up to 16 equivalent carriers (40 MHz band maximum). All the remote terminals associated with such return channel may transmit to any MF-TDMA carrier with fast frequency hopping from burst to burst ensuring equal loading of all MF-TDMA carriers. UHP terminals may operate in hub and spoke (star) topology or in mesh mode, which terminals are connected via a single satellite hop bypassing the Hub. Mesh connectivity is implemented using one of the standalone TDMA carriers.

UHP miniHub includes one forward (TDM) and one Return (TDMA) channels and can be based on UHP router of any models, including card based UHP 1100 or outdoor UHP-1400 routers. Additional serial interfaces are required in order to support more Return channels and/or in router redundant configuration in the Hub. A rack mountable dual router UHP-8000 is the optimal solution for daisy chaining of several routers in the Hub.

UHP routers have built-in multilevel tools to ensure the required QoS individual terminals or groups of stations can be assigned to a platform guaranteed bandwidth, CIR, permitted maximal rate MIR, or controlled by a fair access policy manager. In addition, here exists a special mechanism of dynamic resource allocation in real-time traffic. UHP router supports a large variety of IP protocols and traffic acceleration.

There are several ways to manage TDM/TDMA network, specifically using the built in Web console of the Hub, via SNMP protocol, or with the help of advanced, multi-user UHP Network Management System, which makes best use of the UHP technology.

FOR CUSTOMERS IN THE UNITED STATES AND CANADA
[OFFER NOT AVAILABLE IN LATIN AMERICA]

Dear Dell Customer,

Thank you for choosing Dell™ printers and supplies. We would like to express our gratitude by offering to recycle your old printer and printer supplies at no cost to you. To recycle your old printer, you do not even have to leave your home or office. To recycle a used toner cartridge or a photoconductor drum, it's as easy as dropping it off at your nearest authorized shipping location.

At Dell, our focus is always on responding to customer requirements for our products and services. Site visits, surveys of our environment, some of those requirements, and we take that responsibility seriously. From development and manufacturing to replacement and recycling, Dell manages each aspect of the product life cycle to help minimize the impact on the environment.

To recycle your old printer:

1. Pack the item you want to recycle, in the box that came with your new Dell product.
2. For US customers, go to www.dell.com/recycling. For Canadian customers, go to www.dell.ca/recycling.
3. Follow the instructions on the screen.

To recycle your used toner cartridge or photoconductor drum:

1. Pack the item you want to recycle, in the box that came with your new Dell product.
2. For the US & Puerto Rico: fill in the prepaid label paste it onto the box and give it to a UPS carrier during your next pickup/del very or drop off the package at an UPS center.
3. For Canada: fill in the prepaid label and call to schedule a pickup.

If you have any old computer equipment you want to donate or recycle: US customers can go to www.dell.com/recycling and Canadian customers can go to www.dell.ca/recycling.

For more information about Dell's environmental programs, we invite you to go to our environmental website at www.dell.com/environment in the United States and www.dell.ca/environment in Canada.

We are confident you will find that this option is an easy and environmentally sound recycling solution. We look forward to continuing to meet your needs—and those of our environment.

Sincerely,

Michael Dell
Chairman and Chief Executive Officer

Computation of π

The following method was used by the great Iranian mathematician Jamshid Kashi (1380 – 1429) to compute π to 16 decimal places. The accuracy of this computation was not surpassed until nearly 200 years later.

Let a regular polygon be inscribed in a unit circle such that each side, a_n, subtends an arc $\alpha_n = 60°/2^{n-2}$, and let c_n be the chord of the supplement of this arc. Then, since $a_1 = \sqrt{3}$, the recursion relation

$$a_{n+1} = (2 - c_n)^{1/2}$$

makes it possible to calculate any desired a_n. Moreover, the Pythagorean relation gives

$$c_n = (2 - a_n^2)^{1/2},$$

and half of the perimeter, an approximation to π, is the product of the length of a side, a_n, times the number of sides, $\frac{1}{2} \cdot 3 \cdot 2^{n-1}$.

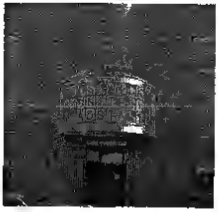
lo que en él está escrita;



BUSHWICK UNITED

HEADSTART

Bushwick United Head Start is a non-profit organization with a mission to enhance the functioning and self -sufficiency of our diverse community. For over 25 years, Bushwick United has provided essential health and human services programs to our community. We provide culturally competent, linguistically appropriate care to individuals who seek our support.

Dev. By JDiazMAssoc@126.Bizhope

The Bill of Rights

Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof or abridging the freedom of speech, or of the press or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances

Amendment II

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms shall not be infringed.

Amendment III

No Soldier shall, in time of peace be quartered in any house, without the consent of the Owner nor in time of war but in a manner to be prescribed by law

Amendment IV

The right of the people to be secure in their persons, houses papers and effects against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

Amendment V

No person shall be held to answer for a capital, or otherwise infamous crime unless on a presentment or indictment of a Grand Jury except in cases arising in the land or naval forces or in the Militia when in actual service in time of War or public danger nor shall any person be subject for the same offence to be twice put in jeopardy of life or limb nor shall be compelled in any criminal case to be a witness against himself nor be deprived of life liberty or property without due process of law nor shall private property be taken for public use, without just compensation

Amendment VI

In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial by an impartial jury of the State and district wherein the crime shall have been committed which district shall have been previously ascertained by law and to be informed of the nature and cause of the accusation to be confronted with the witnesses against him to have compulsory process for obtaining witnesses in his favor and to have the Assistance of Counsel for his defence

Amendment VII

In Suits at common law where the value in controversy shall exceed twenty dollars the right of trial by jury shall be preserved and no fact tried by a jury shall be otherwise re-examined in any Court of the United States than according to the rules of the common law

Amendment VIII

Excessive bail shall not be required nor excessive fines imposed, nor cruel and unusual punishments inflicted.

Amendment IX

The enumeration in the Constitution of certain rights, shall not be construed to deny or disparage others retained by the people

Amendment X

The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively or to the people.

MOST DANGEROUS Chocolate Cake in a Mug

1 large coffee mug (microwave safe)
4 tablespoons flour
4 tablespoons sugar
2 tablespoons baking cocoa
1 egg
1 tablespoon milk
1 tablespoon oil
3 tablespoons chocolate chips (optional)
Some nuts (optional)
Small splash of vanilla

Add dry ingredients to mug, and mix well
Add the egg and mix thoroughly
Pour in the milk and oil and mix well
Add the chocolate chips, vanilla, and mix again
Put your mug microwave and cook for 3 minutes on high. The cake will rise over the top of the mug, but don't be alarmed!
Allow to cool a little and tap out onto a plate if desired

EAT! (This can serve two people if you want to share.)

Why is this the most dangerous cake recipe in the world? Because now we all are only 5 minutes away from chocolate cake at any time of the day or night!

VA North Texas Health Care System
Dallas, Texas

Dermatology

Post Biopsy Instructions

- After 24 hours, remove the bandage while bathing. Pat site dry, apply plain ointment and then bandage. Try to keep the site moist and covered until healed, or until stitch removal appointment. If you do not have a stitch – leave bandage off once new skin has formed.
- ***Do not scrub or use hydrogen peroxide to clean the wound.***
- If the site bleeds, hold firm pressure for up to 20 minutes. You may need to do this twice -- if that does not work, please go the nearest Emergency Room

Results

- Biopsy results can take up to 6 weeks
- You will be notified by phone or letter with your results and a treatment date will be given to you, if needed.
- If you do not hear from us after 6 weeks, please call us at 214-857-1443 and ask for Dermatology
  You may also call 214 857-3748 and leave a voicemail

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Emmanuel Brandeis, M.D.

Physician Statement and Recommendation

Recommendation ID Number (REC ID) 0009 0402 8722 515

Patient Name ROSALIO SOTELO

Patient Identification DMV D4872565

Limits Exemption None

Recommendation Issued 04/28/2010 Recommendation Valid Through 04/27/2011

24-Hour Verification
Phone 310-855-3629 Online https://verify.greenlifemedical.com

Pursuant to California's Health and Safety Code Section 11362.5

The purpose of this medical document is to identify this individual as a patient whose possession and/or cultivation of medical cannabis is permissible pursuant to California Health and Safety Code Section 11362.5 and Senate Bill 420

This affirms the patient listed above has been examined and evaluated by the physician indicated on this document and that the physician is licensed to practice medicine in the State of California. It is their assessment that the above-mentioned patient qualifies under California Health and Safety Code Section 11362.5 for the use of cannabis for medical purposes. If this patient chooses to use cannabis therapeutically, the staff of the clinic indicated on this document will continue to monitor the status of this patient. The physician acts only as a consultant, not a primary care provider. This patient assumes full responsibility for any and all risks associated with the treatment option. The physician has discussed the potential medical benefits and risks of cannabis use.

This patient hereby gives permission for representatives of GreenLife Medical Systems to confirm the nature of their condition(s) and the information contained within this document for verification purposes. This is a non-transferable document. This document is the property of the physician indicated on this document and can be revoked at any time without notice. Void after expiration if altered or misused.

Writing the Summary

When writing the summary there are three main requirements.

1. The summary should cover the original as a whole.
2. The material should be presented in a neutral fashion
3. The summary should be a condensed version of the material presented in your own words

* * Also do not include anything that does not appear in the original. (Do not include your own comments or evaluation)
and
Be sure to identify your source

For example

In his paper "Global Implications of Patent Law Variation," Koji Suzuki (1991) states that lack of consistency in the world's patent laws is a serious problem. In most of the world patent ownership is given to the inventor that is first to file for a patent However the United States maintains a first to invent policy In view of this patent ownership can change depending on the country Multiple patent ownership can result in economic problems however most striking is the international tension it causes The fact that the United States does not recognize patent ownership in other countries, in violation of the Paris Convention on Industrial Properties, has prompted the World Intellectual Properties Organization (WIPO) to push the United States to review its existing patent law principles.

Testing the usb fax modem

This image is hosted on
chaoticsworld.com

But does trust require that we be blind to other people's motives or, indeed, to our own? Not at all. This would be like those overanxious parents who, in addition to their children's well-being, are capable of forgiving every person that we would trust. Such a private inventory can reveal the degree of confidence we should extend in any given situation.

am not a victim of others but rather a victim of my expectations, choices and dishonesty. When I expect others to be what I want them to be and not what they are, I will feel lonely and distrustful. I gain confidence in myself however when I practice honesty in all my affairs. When I search my motives and am honest and trusting, I am aware of the capacity for harm in situations and can avoid those that are harmful.

Jun.15	09:46AM	Send	7135285169	00:43	0	Error c52

A communication error has occurred during the fax transmission.
If you are sending, please try again and/or call to make sure the recipient's fax machine is ready to receive faxes.

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888 877 1655 or 1 503-200-1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 888 877 1655 (your boss will never notice... maybe) or 1 503 200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (If it's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888-877-1655 or 1-503-200-1300

MyFax Free Fax Trial

Try Fax Toy's risk free for 30 days!

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877-1655 (your best will tested option, maybe) or 1-503-200-1300 (long distance in Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few inches of the page, where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

Russian Wolfe *13

Form **4868**

Department of the Treasury
Internal Revenue Service (99)

Application for Automatic Extension of Time To File U.S. Individual Income Tax Return

▶ Information about Form 4868 and its instructions is available at *www.irs.gov/form4868*

OMB No. 1545-0074

2012

There are three ways to request an automatic extension of time to file a U.S. individual income tax return.

1. You can file a Form 4868 electronically by accessing IRS *e-file* using your home computer or by using a tax professional who uses *e-file*.
2. You can pay all or part of your estimate of income tax due using a credit or debit card or by using the Electronic Federal Tax Payment System (EFTPS).
3. You can file a paper Form 4868.

IRS *e-file* **It's Convenient, Safe, and Secure**

IRS *e-file* is the IRS's electronic filing program. You can get an automatic extension of time to file your tax return by filing Form 4868 electronically. You will receive an electronic acknowledgment once you complete the transaction. Keep it with your records. Do not send a Form 4868 if you file electronically, unless you are making a payment with a check or money order (see page 2).

Complete Form 4868 to use as a worksheet. If you think you may owe tax when you file your return, you will need to estimate your total tax liability and subtract how much you have already paid (lines 4, 5, and 6 below).

Several companies offer free e-filing of Form 4868 through the Free File program. For more details, go to IRS.gov and click on *freefile*.

E-file Using Your Personal Computer or Through a Tax Professional

Refer to your tax software package or tax preparer for ways to file electronically. Be sure to have a copy of your 2011 tax return—you will be asked to provide information from that return for taxpayer verification. If you wish to make a payment, you can pay by electronic funds withdrawal or send your check or money order to the address shown in the middle column under *Where To File a Paper Form 4868* (see page 4).

Pay by Credit or Debit Card or EFTPS

You can get an extension if you pay part or all of your estimate of income tax due by using a credit or debit card. Your payment must be at least $1. You can also get an extension when you pay part or all of your estimate of income tax due using EFTPS. You can pay by phone or over the Internet (see page 3).

File a Paper Form 4868

If you wish to file on paper instead of electronically, fill in the Form 4868 below and mail it to the address shown on page 4.

For information on using a private delivery service, see page 4.

Note. If you are a fiscal year taxpayer, you must file a paper Form 4868.

General Instructions

Purpose of Form

Use Form 4868 to apply for a 6 month extension of time to file your individual income tax return (Form 1040, 1040A, 1040EZ, 1040NR, 1040NR-EZ, 1040-PR, or 1040-SS).

Gift and generation-skipping transfer (GST) tax return (Form 709). An extension of time to file your 2012 calendar year income tax return also extends the time to file Form 709 for 2012. However, it does not extend the time for any gift and GST tax you may owe for 2012. To make a payment of gift and GST tax, see Form 8892. If you do not pay the amount due by the regular due date for Form 709, you will owe interest and may also be charged penalties. If the donor died during 2012, see the instructions for Forms 709 and 8892.

Qualifying for the Extension

To get the extra time you must:

1. Properly estimate your 2012 tax liability using the information available to you.
2. Enter your total tax liability on line 4 of Form 4868, and
3. File Form 4868 by the regular due date for your return.

Caution. *Although you are not required to make a payment of the tax you estimate as due, Form 4868 does not extend the time to pay taxes. If you do not pay the amount due by the regular due date you will owe interest. You may also be charged penalties. For more details, see Interest and Late Payment Penalty on page 2. Any remittance you make with your application for extension will be treated as a payment of tax.*

You do not have to explain why you are asking for the extension. We will contact you only if your request is denied.

Do not file Form 4868 if you want the IRS to figure your tax or if you are under a court order to file your return by the regular due date.

Subject: Fw: Quilting In the Mountains 2013 July 19-23, 2013
From: "Gayle Wildfong" <gw675@telus.net>
Date: 5/24/2013 10:48 AM
To: <Undisclosed-Recipient:;>

Subject: Quilting in the Mountains 2013 July 19-23 2013

Greetings from the QTM 2013 Organising Committee,

Could you please forward this email to your quilting friends and guild members?

For 2013 we have organised a 5 day event at Sun Peaks. Our guest instructor and Canadian Quilters Association (Penticton BC) 2013 "Best in Show" winner is Kathy K. Wylie. Kathy is an internationally recognised quilter, instructor and Canadian Quilt Association (CQA) registered judge from Ontario. This will be her first time instructing in BC. Her website is www.kathykwylie.com

This year's Quilting in the Mountains includes

* A quilt show judged by Kathy Wylie
* Two travelling quilt shows "Fiona Away" and "Passages & Partials"
* A Merchants Mall with over 10 merchants including Hamel's Fabrics, Heart n Sole Quilts, Bernina and Janome Machine Dealers, Quilters' Connections Magazine, Royal Inland Hospital Foundation Quilters, Stitches, Cotton Mill Threadworks, Sharp 2 Go (Scissor & Knife Sharpeners), Katie's Quilt Shoppe, The Shabby Boutique, BC Antiques, The Steam Trunk.
* Friday Night Banquet & Trunk Show with Kathy Wylie
* Workshops from Saturday morning 'til Tuesday afternoon. The weekend workshops are with Kathy Wylie. Saturday's workshop is "Sewflakes" Papercut Appliqué using outwork appliqué". Sunday's is Machine Quilting with cut-away trapunto". Dianne Jansson is hosting a Border Workshop on Monday & Tuesday

Further information including booking classes, submitting a quilt (or two) to be judged show, and hotel and accommodation deals follow the link http://www.sunpeaksresort.com/quilting

If you have any questions please feel free to contact us by email at sunpeaks.quilters@gmail.com or Patricia by phone at 250-578-8828

Kind regards,

Patricia Garnham & Vicki Grey

Monument Pipeline has received notice 1013050041 from Texas EXCAVation Safety System Inc that you are planning an excavation which may be in the vicinity of a Monument pipeline

TESS has reported the excavation to be in the vicinity of 11010 W VIEW MEADOW , near the intersection of CLEARWABLE , in HOUSTON HARRIS county

Based upon the described location of your planned excavation provided in Monument Pipeline's judgement your planned excavation will not effect a Monument Pipeline facility. Therefore Monument Pipeline does not plan to mark the proximate location of its pipeline(s) which may be in the vicinity of your proposed excavation

Should you feel that a Monument Pipeline pipeline will in fact be effected by your excavation or if the location provided to changes please contact TESS and or Monument Pipelines Control Center at 866 942 6571

Special Requests: Must be Smoking Room

Walgreens

Information to help you comply with Medicare guidelines and stay on track with your testing regimen.

- Test blood sugar at the frequency prescribed by your doctor
- Medicare requires that you maintain a log of your blood sugar results (use Test Log sheet)
- In case of a Medicare audit, you will need to provide your signed Test Log sheets to your doctor upon request from Walgreens.
- Use 1 new lancet each time you test your blood sugar to reduce finger pain and avoid infection
- Medicare requires that you see your doctor every six months if you test at a *greater* frequency than
  - 3 times per day if you use insulin
  - 1 time per day if you do not use insulin

If you follow the above guidelines, Medicare will cover the following supplies

Supplies	Supplies are covered if prescribed as follows
Blood glucose test strips and lancets	Medicare pays for a 3 month supply of test strips and lancets
Lancet device	1 every 6 months
Control solution	1 bottle every 3 months (note: Control solution expires 3 months after the bottle is opened)
Battery for blood glucose monitor	1 per year

When you visit your physician

- Bring this handout and a copy of your Test Log sheets (note: Please keep original test logs for your own records for 3 years)

Your physician is required by Medicare to do the following.

- Test your Hemoglobin A1c and document in your results and progress
- Maintain records of your diabetes test logs
- Specify the exact frequency that you are to test your blood sugar on the prescription
- On follow up visits, document whether you are testing at the prescribed frequency
- Document why you must test at a greater frequency than Medicare guidelines (if applicable)

Testing 1.2.3.4.5.6.7.8

This is a graded discussion: 10 points possible

† Ch 34 Disc

Read the following case and respond to the three questions below. Also, respond to another student's post. To respond, click the 'Reply' link below their post. Response using facts that support or refute† Explain that similarity response. You will get up to 10 points for your post and up to 5 points for responding to another student's post. It's helpful for you, when responding to another's post, play the devil's advocate and pose your own hypothetical question or offer your own take on the problem.

Ellis works for Farm Welding Company. Near her workstation is a conveyor belt that runs through a large industrial oven. Since another company fired, Ellis's supervisor sent the oven to heat level. Thirty-inch-high fixed a containing molds are fixed at regular intervals on the conveyor and transported into the oven. Ellis takes between the steps to get to her workstation. One day, when the conveyor is not moving, Ellis uses the oven to cook a frozen pizza. As she retrieves the pizza from the oven, the conveyor comes on. One of the metal latches Ellis, seriously injuring her. Ellis takes recovery under the state workers' compensation law.

A) Should she recover?

B) Why or why not?

C) If she sues Farm Welding Company under tort law what is her case and what is Farm's defense?

FAST FACTS

FOUNDED 1957

FALL 2013 ENROLLMENT 20,148

- More than 150 undergraduate programs
- More than 120 graduate degree and certificate programs
- Opportunity to receive undergraduate research grants, usually available for the graduate level at other universities
- Student to faculty ratio 22 to 1, 68 percent of faculty hold doctoral degrees
- More than 81 percent of graduates are employed within six months of graduation
- One of two doctoral research universities in Michigan
- More than 84,000 alumni who live and work in every state in the U.S. and around the world
- More than 250 student organizations, 12 with Greek affiliations

WHAT'S NEW

- Campus life expands with the construction of a 127,000-square-foot engineering center, 600-bed student housing complex and 731-foot carillon tower. The university also has plans to add a 1,348-space parking structure and a new recreation and athletic complex.
- New graduate programs in public health, analytical investment, radiation learning disability, animal office administration and court administration.
- Students can participate in hundreds of study abroad programs in more than 40 countries as well as 175 colleges and universities in North America, Central America, the Caribbean, Guam and abroad.
- With nearly $95 million invested in research each year, OU offers knowledge, resources and programs that help companies grow and researchers address up-coming breakthroughs in the laboratory.
- The athletic facilities completed their 14th season in the Summit League, winning 73 championships and making 57 NCAA championship appearances. This fall, the Grizzlies began a new era as members of the Horizon League, competing against Cleveland State, Detroit, Green Bay, Milwaukee, UIC, Valparaiso, Wright State and Youngstown State.

Hour of Code

When I was in grade school we learned about computers on machines such as the PET, TRS80, and Apple IIe. Low resolution graphics were "cutting" and programming opportunities included LOGOWriter, BASIC and PASCAL. Computer education in 2015 might not appear to be the same, but the concept of "programming" is still very much alive. This week, December 7-13, is Computer Science Education week and we are celebrating with our second annual Hour of Code. The Hour of Code is a global movement reaching tens of millions of students in 180+ countries. The goal is for every student to try the computer programming known as "coding" for one hour.

This week Mr. Diehl, our technology teacher, kicked off the Hour of Code with grade level assemblies to help children understand what coding is all about. We will continue next week by having each class participate in the Hour of Code tutorials. From December 14 – January 2 students will be participating in a school-wide competition to see how many lines of code we can write. Students are invited to work at home and at school to complete as many lines as they can. On Monday, December 21 the computer lab will be open to students from 8:00am – 8:40am for a morning of code. All are welcome!

Our goal is to get children to think, create, and have fun -- all while experiencing computer programming. We want to show that anyone can learn the basics of programming in order to be a maker, a creator, or an innovator. Students and adults across the country are getting involved and we'd like students at LHS to join as well. For more information, visit **http://hourofcode.com/us.**

Test Fax from Westley

HP Digital Filing Setup

Prerequisites

1. Make sure your computer and printer is connected to the network.
2. For Scan to E-mail Setup make sure that you have an active Internet connection.

Option 1: Set up HP Digital Filing using HP software

Follow the appropriate steps for your computer's operating system.

Windows Vista/Windows XP

1. On your computer, double-click the printer icon on the desktop.
2. Choose Scanner Actions, and then select the appropriate link (either Scan to Network Folder Setup Wizard or Scan to E-mail Setup Wizard).
3. Follow the onscreen instructions.

Windows 7

1. Click Start, click Control Panel, and then double-click Printers.
2. Right-click the printer icon and then click Properties.
3. Choose Scanner Actions, and then select the appropriate link (either Scan to Network Folder Setup Wizard or Scan to E-mail Setup Wizard).
4. Follow the onscreen instructions.

Mac OS X

1. Click the HP Utility icon in the Dock.
   NOTE: If the icon does not appear in the Dock, click the Spotlight icon on the right side of the menu bar, type HP Utility in the box, and then click the HP Utility entry.
2. Click the Application icon on the toolbar, select the HP Setup Assistant, and then follow the onscreen instructions.

Option 2: Setup using Remote Configuration

HP Digital Filing can be remotely configured from any computer on your network, using the printer's embedded Web server.

1. Type the following address into your computer's web browser:
   http://192.168.1.144
2. Click Scan, choose the appropriate link (either Network Folder Setup or Scan to E-mail Setup), and then follow the onscreen instructions.

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7). To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words. Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself. The more subtle or elegant the words the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

John the Ripper credits

John the Ripper has been developed and is maintained by Solar Designer

I would like to thank the following people for their direct or indirect help in making John what it is now

Matthew Kwan - for introducing and letting everyone use his optimized DES S-box expressions (previously found in nonstd.c and sboxes.c - now replaced with Roman Rusakov's)

http://www.darkside.com.au/bidaice/

Roger Ford and Kimil Guyonmarch - for producing and permitting the use of their MMX implementation of Matthew Kwan's S-box expressions (previously found in x86-mmx.S and x86-sse.S, with modifications, now replaced with code based on Roman Rusakov's S-box expressions).

Dumphinger Boy (Django-Chu) - for producing and letting everyone use his optimized DES S-box expressions making use of a vector conditional select operation such as on PowerPC with AltiVec (previously found in sboxes-s.c - now replaced with Roman Rusakov's).

http://django.chu.jp/hiki/?Enhanced+Simple+DES

Roman Rusakov - for the DES S-box expressions that current versions of John the Ripper use, as well as for optimization hints during early development at John the Ripper

* Bill Pham - for the great "Inside" paper

http://www.cs.technion.ac.il/~biham/Reports/insdes981.ps.gz

Liane Costello - for making me add Kerberos AFS password support, for reporting some bugs, and for many good suggestions.

skrenker - for tracking down the section 8 alignment problem with MMX in the DOS and Win32 ports

Authors of the contributed patches ever listed on John the Ripper homepage and/or placed into contrib directory on the FTP server - for those patches which, while not included into the official John the Ripper for various reasons, are nevertheless very helpful to many users.

All the people who have developed freeware crypt(3) implementations for various tricks that I combined in my routines.

Niels Provos and Poul-Henning Kamp - for original BSD-style based and MD5-based crypt(3), respectively - that my implementations are compatible with.

Alec Muffett - for the original wordlist rules syntax.

The SORCERER - for proving the large charset tables are worth implementing, and for introducing "-groups" in his cracker

Jackal - for the format of john.pot and parts of the user interface

* Anibal Eiti - for "Labels as Variables" optimization that I use in compiler.c

http://www.stenglang.luwien.ac.at/pieperst/ant/96dies.ps.gz

The developers of Cygwin - for Cygwin (at the time called Cygnus Developer's Kit) that I used for the Win32 port:

http://www.cygwin.com

DJ Delorie - for DJGPP that I used for the DOS port:

http://www.delorie.com/djgpp/

Charles W Sandmann - for CWSDPMI - the DPMI server used with DJGPP

Hardware Installation

Package Contents

- Router chassis
- Mounting ears, Right and Left
- AC power adapters
- AC power cords for your geographical location
- AC power adapters
- USB cable for console
- Mounting-ear screws
- Rack-mount screws
- Quick Start document

For complete documentation, see **https://docs.viptela.com**

Safety Standards

Before installing the router or connecting it to a power source, read the planning and installation instructions at: https://docs.viptela.com/HardwareGuide/vEdge_Hardware/02vEdge_1000_Router

Failure to observe these safety warnings can result in personal injury or death.

Step 1

Secure the left and right mounting ears to either side of the router chassis using the screws in packet A.

Step 2

Lift and position the router in the rack. Then secure the mounting ears to the rack using the rack-mount screws in packet B.

Initial Configuration

Step 1

Configure the vEdge router

1. From vManage > Configuration > Devices > vEdge List, upload the vEdge authorized serial number file.
2. From vManage > Configuration > Certificates > vEdge List:
   a. Check that the router's chassis and serial number are in the vEdge list.
   b. Authorize each router by clicking Valid in the Validate column.
   c. Click Send to Controller to send the vEdge list to the controller devices.
3. From vManage > Configuration > Templates:
   a. Create a configuration template for the vEdge router.
   b. Attach the router to the configuration template.

Step 2

Connect AC power to the vEdge router

1. Plug one end of the power cord into the AC power supply.
2. Plug the other end into the AC power outlet.

! Caution: If you are connecting AC power to the router, it is recommended that the building have an external surge protective device installed.

Step 3

Boot the vEdge router

1. From vManage > Dashboard or from vManage > Network > Device Dashboard, verify that the vEdge router is operational.

Lament

Shepherd and Savior, Creator of the world, we hope in You. Compassionate Redeemer, apart from You life is empty. From the lips of family and friends, we have heard of You. In experience, marked by routine and surprise, we have felt the brush of Your presence. But, Divine Friend, there is an absence in Your presence that makes us uneasy at times. In thoughtful periods, we feel the pain of being alone; we are burdened with the suspicion that there is no caring eye upon us. There are marvelous moments of happiness when we experience Your sunlike brightness and warmth.

But there is the night! What do You do in the night? Must there be these long hours when the rays of Your love are unseen? Darkness and light may be the same for You, for us, however, the darkness is scary and uncertain.

Maker of the universe, do You know how hard it is just to face normal, everyday life? Are You aware of those moments when we are almost empty of strength and feel like giving up? Dear God, we are devastated by the death of loved ones; we are made anxious by serious, continuing illness; our hands hang down at the loss of jobs and the put-downs of colleagues although often times unintended; family strife and divorce within our desire to continue on; rejection by friends leaves us lonely and solitary.

In these times it is hard to pray to You; difficult to praise You because as much as we want You present, You seem absent. It is not only Your absence however that causes pain, even Your presence afflicts us with questions. Why are You present with a few and not all; why do You help individuals in small matters and ignore large populations dying from hunger and persecution? Are these matters too difficult for us to understand?

Mysterious, incomparable God, Ruler over all the earth, we are awed by You but we are also confused by the manner in which You rule this world. In order for You to be God is it necessary to be so mysterious and distant? We long for You, God-with-us, we fervently seek You, our Sovereign. Sometimes we say we will no longer seek You, will no longer want upon You, will reject the thought that You care for us. But we continue to seek after You because, although we feel as if we are singing a song in a strange land, we trust that You hear us.

Psalms of Lament to incorporate into your Prayers

Community – 12, 44, 58, 60, 74, 79, 80, 83, 85, 89*, 90, 94, 123, 126, 129

Individual – 3, 4, 5, 7, 9-10, 13, 14, 17, 22, 25, 26, 27*, 28, 31, 36*, 39, 40-12-17, 41, 42-43, 52*, 53, 54, 55, 56, 57, 59, 61, 64, 70, 71, 77, 86, 89*, 120, 139, 141, 142

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compressed PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Research Paper Outline

I Introduction
- A. Hook- (animating, attention-grabbing)
- B. Background – (what do we need to know in order to understand your argument?)
- C. Thesis – (your argument)

II Body paragraph 1 (follow same format for all body paragraphs)
- A. topic sentence – (the subject)
- B. example #1 – (support for argument)
  1. citation- (author's research in your own words, less direct)
  2. explanation – (how does your example/evidence support your argument?)
- C. example# 2- (support for argument)
  1. citation- (from your research, in MLA parenthetical citation)
  2. explanation- (how does your example/evidence support your argument?)

(You may have more than two examples for a topic paragraph, but you must explain each example in your own words. If you have more than 2 you will indicate by adding capital letters, 2A, 2B, etc.)

III. Body paragraph 2

IV Body Paragraph 3

V Body Paragraph 4

VI Body Paragraph 5

VII. Body Paragraph 6

VIII. Body Paragraph 7

IX Body Paragraph 8

X. Conclusion
- A. restate thesis – (in your own words)
- B. connection – (your personal)
- C. Concluding statement – (last statement, should connect to your hook)

Watch spacing/ formatting on your outline.
An incomplete outline or an incorrectly formatted outline will receive less credit.
(Note: Your outline should be about 2-3 pages minimum)

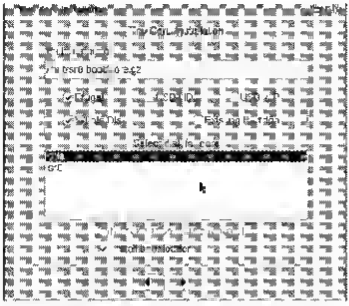
BASIC USER'S GUIDE
MFC-J220
MFC-J265W
MFC-J410W

2.1.1. Step 1. Source and destination



In this first step, we need to select the install media, install type and the target. The installer may be able to detect the install media automatically as in this image; if not, click on the "Path" entry to manually browse for the install media.

The three install types on Plugged USB HDD and USB ZIP Plugged is the default type. It may be installed to a partition, and usually works. Install to Hard Disk is for USB-HDD mode thumb disk and is slightly different formatting, which may help the USB thumb boot on computers where this would not. USB-ZIP is for older BIOSes that needed ZIP drive emulation in order to boot from USB

Colour Work

A Cajun Shrimper wants a job crewing for the oil spill. But the BP foreman won't hire him until he passes a little colour test.

'Now, my first question,' the foreman said, 'Without using numbers or words. What colour is 5?'

'Without numbers?' the Cajun says. 'But it easy.' And proceeds to draw three trees.

'What's that?' the boss asks.

'How you get no brain?' Tree and tree and tree make pine,' says the Cajun.

'Fair enough,' says the boss. 'Here's your second question. Use the same rules, but this time the colour is 5.'

The Cajun leaves the room for a while, then picks up the pictures that he had just drawn and makes a change to each tree. 'Fix one, fix two, fix three,' he says.

The boss scratches his head and says, 'How on earth do you get that to represent 5?'

'Each of the trees is dirty now. So, it's dirty tree, and dirty tree, and dirty tree. That is 5!'

The boss is getting worried that he's going to actually have to hire this Cajun, so he says, 'All right, last question. Same rules again. Tell me what colour 10 is.'

The Cajun stares into space for a while, then he picks up the pictures and makes a little mark at the base of each tree and says, 'Now you get one hundred.'

The boss looks at the attempt. 'You must be nuts if you think that represents a hundred.'

The Cajun leans forward and points to the marks at the base of each tree and says, 'A little dog came along and poop by each tree. So now you get dirty tree and a third, dirty tree and a third, and dirty tree and a third which make one hundred.'

The Cajun is now the new supervisor.

Tulsa Market Brief

November 2015

Spotlight on the Market

StartUp Corp evolves into StartUp Series
Tulsa World (OK) December 4, 2015
Tulsa Community College and the Lobeire Taylor Family Foundation have re-branded the StartUp Series as part of an evolution to better suit the needs of today's entrepreneurs. The changes are designed to create multiple entry points into the competition shorten the time me for the competition and to allow greater accessibility. The StartUp Series will retain the mentoring aspect of the competition according to a news release

Mid-sells Tulsa headquarters to ESC, leases part of it back
Tulsa World (OK) December 3, 2015
Hub Corporation has sold its entire 401 000-square foot Tulsa headquarters for an undisclosed sum. As part of the sale the Liechtenstein-based tech-writer will immediately lease back 180 000 square feet of office space for its Tulsa operations according to a report from CB Richard Ellis Inc. The buyer was Educational Development Corporation an educations- whilden a book publishing company based in Tulsa. EDC plans to use the remaining 41 000 square feet of office space and 180 000 square feet of warehouse space at 5460 S. 122nd East Ave. as its new corporate headquarters.

Turnpike Authority approves plan for PikePass use in all of Texas
Tulsa World (OK) December 2, 2015
OKLAHOMA CITY — The Oklahoma Turnpike Authority on Tuesday took action that is expected to allow PikePass holders to use the devices throughout Texas. A PikePass commercially conducts a toll from a prepaid account when a vehicle passes a detection point. The OTA already has a reciprocal agreement with the North Texas Tollway Authority which app ates the Dallas North Tollway the George Bush Turnpike and the Sam Rayburn Tollway. PikePasses also can be used on Kansas toll roads

OSU Tulsa Helmerich Research Center boosts innovation, partnership at downtown
Tulsa World (OK) December 2, 2015
What comes out of the OSU Tulsa Helmerich Research Center may not always be tangible but its impact can be felt across the state. Everything from materials to line space shuttles durable lightweight fuel tanks is aimed to extract oil from cedar ridge and the cleanest clean room in Oklahoma" can be found somewhere in the 123 000-square-foot building just northwest of downtown. The center opened in January 2008 thanks to $30 million in Tulsa County Vision 2025 funding, $12.9 million from the state in the most recent higher-education bond issue and a $8 million donation from the Helmerich family

CenterGate Business Park expands with future office and retail
Tulsa World (OK) November 29, 2015
The new owners of the former Ford glass plant have long been up-front about their desire to create the biggest new industrial park in Tulsa in 25 years. Approximately 25 acres of the 167 acre park now known as CenterGate are set to become a series of new retail and office buildings, said Matt Kimmich the broker on the development with CB Richard Ellis Inc.

New TCC Aviation Center at Jones Riverside Airport nearing completion
Tulsa World (OK) November 20, 2015
Tulsa Community College celebrated a milestone Thursday on the $3.7 million renovation of the new TCC Aviation Center at Jones Riverside Airport when F ntas semitrucken workers installed a large TCC logo on the exterior of the newly complete facility. Work on the 66 000-square-foot building is expected to be finished by mid-December and TCC Aviation Sciences students are scheduled to start taking classes in the building when the spring 2016 semester begins Jan 11

Chamber announces nearly 200 new jobs, hiring from six local companies
Tulsa World (OK) November 19, 2015
Six area companies are adding jobs or plan to expand their workforce in 2016, resulting in nearly 200 new positions the Tulsa Regional Chamber announced Wednesday. The companies represented at the news conference were Alabaya Resources, Janaway Maritime, M&M Manufacturing, The Perserman Group, Mellan Truck Lines and Vennovium LLC

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

amazon

Brother Sim 1 MFC 7820N
Toner TN-350 $46 220 copies
Online

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax.Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to Fax/zero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

MYM1PN1418AR

Here is the procedure to configure Brother 4100e fax machines to work with faxing over VoIP

Enter Maintenance Mode:

1. Unplug power from rear of fax machine. hold the Menu button while plugging power back in. Continue to hold the Menu button until "Maintenance" appears in the LCD window.
2. There are no helps for the Maintenance mode. Follow parameter change procedures to the letter.

Changing Baud Rate from Automatic to 9600

1. Enter 10 (one, zero). This will bring up WSW00 on the LCD window.
2. Change the 00 to 19. If the baud rate is set to automatic, the numbers that appear will be 11100010.
3. Change the 11100010 to 01100010. This sets the baud rate to 9600.
4. Press the "Set" button just below the LCD window.
5. Press "Stop".
6. Enter 99. This will exit Maintenance mode and make the fax ready to use again.

Changing the Error Correction Mode (ECM)

1. Enter Maintenance Mode (see directions above).
2. Enter 10. This will bring up WSW00 on the LCD window.
3. Change the 00 to 22. If the ECM is turned on, the numbers that appear will be 00000000.
4. Change the 00000000 to 11000000. This turns of ECM.
5. Press the "Set" button just below the LCD window.
6. Press "Stop".
7. Enter 99. This will exit Maintenance mode and make the fax ready to use again.
